Re: Docket No. 980307-WS: Application for Certificates to Provide Water and Wastewater Service in Orange County by Zellwood Station Co-Op, Inc.

Dear Mr. Restall:

Our review of the application reveals that the minimum filing requirements for this application are incomplete. Additional information is needed to correct those deficiencies. Specifically, the missing information concerns: a) the Department of Environmental Protection's approval date for Zellwood's water treatment facilities was not reported, b) the warranty deed for Zellwood's treatment plant sites did not include an attached document, and c) the title and issuing officer for Zellwood's tariff were not disclosed.

First, under Part III for the water system, the Department of Environmental Protection's approval dates for Zellwood's water treatment plant was not reported. Please identify the approval date for this facility.

- ACK _____
- AFA _____
- APP _____ The next deficiency concerns the warranty deed for Zellwood's treatment plant sites. That specific document refers to a missing Exhibit "A" for proof of ownership of the subject plant sites. Please submit the missing document to complete this filing requirement.
- CAF _____
- CMU _____
- CTR _____ The last deficiency concerns disclosing the title and issuing officer for Zellwood's proposed tariffs. Correction of this deficiency will require submission of revised documents that identify the issuing officer and his respective title.
