Re: Docket No. 970373-WU  
Fernwood Mobile Home Estates, Ltd.

Dear Ms. Brady,

Just a short note to update you on what is happening.

On April 8, 1998 we hired the engineering firm of O'Tero Engineering, 3018 U.S. Hwy 301 N., Ste. 100, Tampa, FL 33619 (813) 623-1557. The specific engineer is Chris Waddle. We will provide him with all the prior information sent to the former engineer and your letter and fax. He hopes to have the drawing available shortly.

If there is anything else you need I can be reached the early part of next week. I will be out of the country from April 22 to May 3. Therefore, either contact me prior to that date or after May 3rd.

I believe the engineering report is the only outstanding matter at this time, which has now been hired and contracted for.

Very truly yours,

~~FERNWOOD MOBILE HOME ESTATES~~

Fred Morganroth

FM/ca

Mr. Fred Morganroth

call, you choose to go forward with the certification process, please try to expedite your response as to the remaining deficiencies as soon as possible.

3. My letter dated April 17, 1998, clarifying that a sale or transfer of the utility, prior to receiving Commission approval, would be an apparent violation of Section 367.071, Florida Statutes. Included with my letter is the application package needed to process a sale or transfer of a utility. Again, if you choose to go forward with the certification process, it is imperative that you also file the application for transfer as soon possible.

If you have any questions or concerns regarding the enclosures to this letter, we can provide clarification in next week's conference call or you may call me directly at (850) 413-6228, or Ms. Brady at (850) 413-6686.

Sincerely,

Jennifer Brubaker, Staff Counsel
