Additional Comments:

- Grandfathered services can be resold only to existing subscribers of the grandfathered service.
- Where available for resale, promotions will be made available only to end users who would have qualified for the promotion had it been provided by BellSouth directly.
- In Tennessee, long-term promotions (offered for more than ninety (90) days) may be obtained at one of the following rates:
 - the stated tariff rate, less the wholesale discount,
 - the promotional rate (the promotional rate offered by BellSouth will not be discounted further by the wholesale discount rate)
- Lifeline/Link Up services may be offered only to those subscribers who meet the criteria that BellSouth currently applies to subscribers of these services. In Tennessee, BSE shall purchase BellSouth's Message Rate Service at the stated tariff rate, less the wholesale discount. BSE must further discount the wholesale Message Rate Service to Lifeline customers with a discount which is no less than the minimum discount that BellSouth now provides. BSE is responsible for recovering the Subscriber Line Charge from the National Exchange Carriers Association interstate toll settlement pool just as BellSouth does today. The maximum rate that BSE may charge for Lifeline Service shall be capped at the flat retail rate offered by BellSouth.
- In Louisiana and Mississippi, all Contract Service Arrangements entered into by BellSouth or terminating after the effective date of the Commission Order will be subject to resale without the wholesale discount. All CSAs which are in place as of the effective date of the Commission order will not be eligible for resale.
- In North Carolina, only those Contract Service Arrangements entered into after April 15, 1997 will be available for resale.
- Some of BellSouth's local exchange and toll telecommunications services are not available in certain central offices and areas.
- AdWatchSM is tariffed as BellSouthSM ADN Virtual Number Call Detail Service
