

FLORIDA PUBLIC SERVICE COMMISSION

VOTE SHEET

APRIL 28, 1998

RE: DOCKET NO. 970526-TP - Generic consideration of incumbent local exchange (ILEC) business office practices and tariff provisions in the implementation of intraLATA presubscription.

The parties have agreed to several stipulations which were approved by the Commission at the February 23, 1998, evidentiary hearing. These stipulations resolve issues 1, 2, 3b, 3c, and 4 for all parties.

Issue 3: Should the Commission require GTEFL, Sprint-Florida, and the small ILECs (ILECs) to put in place competitively-neutral customer contract protocols?

3a. ILECs' ability to market their services to existing customers changing their intraLATA carriers.

Recommendation: Yes. The Commission should require Sprint to revise its customer contact protocols to remove the phrase "in addition to us" in order to be competitively neutral and consistent with Order No. PSC-96-1569-FOF-TP.

**APPROVED** - *issue 3*

**DENIED** - *issue 3a. Commissioners Garcia & Gadea dissented.*

VOTE SHEET

APRIL 28, 1998

DOCKET NO. 970526-TP - Generic consideration of incumbent local exchange (ILEC) business office practices and tariff provisions in the implementation of intraLATA presubscription.

(Continued from previous page)

Issue 3d: ILECs' ability to market their intraLATA services to existing customers when they call for reasons other than selecting intraLATA carriers? If so, for what period of time should any such requirements be imposed?

Recommendation: The Commission should require GTEFL to refrain from marketing its intraLATA toll services to existing customers who call for reasons unrelated to intraLATA toll service from the date the Commission issues an order from this recommendation until August 15, 1998.

**APPROVED**

*Commissioners Garcia & Jacobs  
dissent.*

Issue 5: Should the Commission require GTEFL and the small ILECs (ILECs) to provide Two-For-One PIC to existing customers?

Recommendation: Yes. The Commission should require that, pending the availability of a current and fully substantiated cost study, GTEFL and the small ILECs should charge a single PIC change plus the 30% rate additive when a customer changes interLATA and intraLATA carriers at the same time to a single carrier. This rate should apply once the one free PIC has been provided per the Stipulation in Issue 4.

**APPROVED**

Issue 6: Should this docket be closed?

Recommendation: Yes. This docket should be closed upon issuance of the final order in this proceeding.

**APPROVED**
