Re: Hydratech Utilities, Inc.; Docket No. 970029-WS
Petition for Approval of Bulk Rate for Sewer Service
Our File No. 25021.01

Dear Jennifer:

On April 21, 1998, I provided you with a letter outlining the progress of discussions with Martin County that may render the further processing of the above-referenced Application unnecessary. In that letter, I suggested that the Commission withhold further action on this docket until July 31, 1998. Based upon my discussion with you yesterday, it is my understanding that the staff believes that more time will be necessary when and if the matter is placed back on an active status, and as such by this letter I am proposing an extension of an additional ninety days beyond that outlined in my April 21st letter, up to and through October 31, 1998 for the Commission to take any further action in this regard.
