Re: PSC Order No. PSC-98-0444-SC-WS, Docket #98287-WS

Gentlemen:

We have checked into the figures on the above as arrived at by Mr. Tim Vaccaro. Although we could arrive at different figures in several different ways, we do not think that in the end it would make much difference and it would cause a lot of hassle for both you and us. Therefore, under protest we would like to accept Mr. Vaccaro's figures as being correct and propose that we pay \$2,454.00 in assessment fees and interest in the amount of \$907.98. We do not think that any penalty should be charged because this was not intentional, and even though it was our full responsibility, we were never notified in 4-1/2 years that it was due and owing. We would propose that we pay the two sums on or before October 10, 1998, with interest to be charged until the date of payment.

We hope that this will be satisfactory with you so that we can get this much behind us. Please advise.

Yours very truly,

TURKEY CREEK UTILITIES
