FLORIDA PUBLIC SERVICE COMMISSION

DOCKET NO. 980408-EG

RULE TITLE:

RULE NO.:

Continuation of Energy Conservation

Loan Guarantees

25-17.011

PURPOSE AND EFFECT: To repeal the rule providing the procedure to seek reimbursement for unpaid energy conservation loans because there are no further reimbursements to be made.

SUMMARY: Elimination of an unnecessary rule governing a terminated program.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COST:

Any person who wishes to provide information regarding the statement of estimated regulatory costs, or to provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

SPECIFIC AUTHORITY: 366.05(1), 366.82, FS.

LAW IMPLEMENTED: 366.05(1), 366.82, FS

WRITTEN COMMENTS OR SUGGESTIONS ON THE PROPOSED RULE MAY BE SUBMITTED TO THE FPSC, DIVISION OF RECORDS AND REPORTING, WITHIN 21 DAYS OF THE DATE OF THIS NOTICE FOR INCLUSION IN THE RECORD OF THE PROCEEDING.

HEARING: IF REQUESTED WITHIN 21 DAYS OF THE DATE OF THIS NOTICE, A HEARING WILL BE HELD AT A DATE AND PLACE THAT WILL BE NOTICED IN THE FLORIDA ADMINISTRATIVE WEEKLY.

THE PERSON TO BE CONTACTED REGARDING THE PROPOSED RULE IS:

Director of Appeals, Florida Public Service Commission, 2540
Shumard Oak Blvd., Tallahassee, FL 32399-0862, (850)413-6245

THE FULL TEXT OF THE PROPOSED RULE IS:

25-17.011 Continuation of Energy Conservation Loan Guarantees.

Specific Authority: 366.05(1), 366.82, F.S. Law Implemented:

366.05(1), 366.82, F.S. History: New 10/13/81, formerly 25-

NAME OF PERSON ORIGINATING PROPOSED RULE: Michael Haff

NAME OF SUPERVISOR OR PERSONS WHO APPROVED THE PROPOSED RULE:

Florida Public Service Commission.

DATE PROPOSED RULE APPROVED: April 28, 1998

**STATEMENT OF FACTS AND CIRCUMSTANCES
JUSTIFYING RULE**

Rule 25-17.011, F.A.C., provides the procedure for utilities and lending institutions who participated in the energy conservation loan guarantee program to seek reimbursement from the Public Service Commission when borrowers default on the loans. In 1991, funding for new loan guarantees was discontinued. The Commission continued to reimburse lenders for defaulted loans made before that date. In 1996, section 366.084, Florida Statutes, which authorized the Florida Energy Trust Fund out of which guaranty repayments were made, was repealed. Lenders were required to submit all remaining requests for reimbursement no later than December 31, 1996.

Because there is no longer an energy conservation loan guarantee program and no further reimbursements to be made, Rule 25-17.011 is no longer necessary and should be repealed.

STATEMENT ON FEDERAL STANDARDS

There is no federal standard on the same subject.

SUBJECT: STATEMENT OF ESTIMATED REGULATORY COSTS FOR PROPOSED
REPEAL OF RULE 25-17.011, F.A.C., ENERGY CONSERVATION LOAN
GUARANTEES

Currently, Rule 25-17.011, F.A.C., Energy Conservation Loan Guarantees, outlines the eligibility requirements and efficiency measures for energy efficiency loans under Chapter 366.84, Florida Statutes, which was repealed July 1, 1996, by Chapter 95-372, Laws of Florida. The act also terminated the Florida Energy Trust Fund, which funded the Commission's Energy Conservation Loan Test Program. Electric utilities continue to follow their individual energy conservation goals under the Florida Energy Efficiency Conservation Act. Because no additional regulatory burdens would be placed on electric utilities, and there is no longer an enabling statute, there should be no increase in regulatory costs from the proposed rule repeal..

Florida Statutes encourage an agency to prepare a Statement of Estimated Regulatory Costs (SERC) but does not require one for rule repeals. Since no additional costs or adverse impacts have been identified, there is no need for preparation of a SERC for the proposed rule changes.

Please keep my name on the CASR.
