Dear Commissioners:

I am a landowner in Marion County, Florida. Recently I was informed that Florida Water Services Inc. (WS) has submitted an application to amend its Marion Oaks water and wastewater service area that includes my land. →(?)

I have not been contacted by representatives of FWS nor have I requested service from the utility and yet they are attempting to certificate my land. Furthermore, the Marion Oaks system has much higher user rates than other utilities in the County.

My reasons for not wanting to be included in this proposed certification include:

1. we have a 20 acre horse farm - that would cost too much to have this service
2. we have a well that supplies us with water
3. we are in an area with 10 acre limits for development.

ACK 1 it does not even appear we are in the area in question - we are east of I-75 + north of CR 484.

AFA _____
APP _____ For these reasons I object to the proposed certification amendment to increase the Marion Oaks water and wastewater service area.
