Hearing in Consolidated Dockets to Determine Feasibility of One-Way ECS

At the May 15, 1998, prehearing conference, the parties in attendance reached a stipulation that the testimony of all witnesses and their exhibits may be moved into the record without objection.

The notice of this hearing has, however, already been placed in the Florida Administrative Weekly. There is insufficient time prior to the scheduled hearing date in order to notice the cancellation of the hearing.

I emphasize that the parties are still excused from attending the hearing.

ACK \_\_\_ Appearances will NOT be taken. There will, however, be a transcript consisting of the
AFA \_\_\_ testimony and exhibits.
