Dear Commissioners:

I am a landowner in Marion County, Florida. Recently I was informed that Florida Water Services Inc. (WS) has submitted an application to amend its Marion Oaks water and wastewater service area that includes my land.

I have not been contacted by representatives of FWS nor have I requested service from the utility and yet they are attempting to certificate my land. Futhermore, the Marion Oaks system has much higher user rates than other utilities in the County.

My reasons for not wanting to be included in this proposed certification include:

- ACK      1. must put in a \$1,200,000 water pump.
- AFA      2. his not become in water
- APP      3. low level of income, cannot afford the cost.
- CAF      4. I wanted city water, would have bought in the city

CMU      For these reasons I object to the proposed certification amendment to increase the  
 CTR      Marion Oaks water and wastewater service area.
