Director,

In reference to the rate increase applied
for by the FWC in Duval County. I
cannot see why individuals are responsible
to pay litigation costs for using their water
and sewage. Expenses, like profits, should
be the responsibility of the stockholders.
A great majority of the residence in Baysport
pay use the facilities about half a year. The
base costs certainly covers wear and tear
on their equipment etc.

The amount as put forth in their letter may
seem small, but along with the rising
costs for everything really taken a
toll on returns.

Your consideration on this matter is
greatly appreciated.

Thank you.
