dear ms clark

i am one of the owners of a small alarm company in miam which was affected by the new area code overlay which is taking effect on july 1 1998. we have spent several thousands of dollars getting this done. some alarm companies ignored this upcoming change and now they are approaching the psc to give them a grace period. they did not start to change any of their accounts until late last month. the largest offender is ameritech a rboc from chicago. they entered the alarm business about 5 years ago and they beleive that they are above what we as alarm businesses must do. they are now asking belsouth also a rboc to help them. this would be unfair please do not allow this to happen. just because they are an rboc.

thank you for your help

Blanca, I have learned that the 305 Area Code docket has been reopened to process a petition by BellSouth to extend the permissive dialing period. Therefore, because the above e-mail message sent to Commissioner Clark was from a business entity, it is an ex-parte communication that should be placed on the record and disseminated to the parties to the proceeding in accordance with Section 350.042, F.S. Please see that this message is placed on the record and that parties are given 10 days to respond. Thank you.

Dear Mr. Jones:

BellSouth has filed a petition to extend the permissive dialing period for the 305 Area Code change three months. Our staff will be filing a recommendation on BellSouth's petition today. Staff's recommendation will be considered by the Commission at its June 16, 1998, Agenda Conference. The Agenda Conference will begin at 9:30 a.m. and is open to the public.

Commissioner Clark received your e-mail message about extending the permissive dialing period in the 305 Area Code. We have placed a copy on the record of the proceeding and have disseminated it to the parties.
