Re: Docket No. 971663-WS - Petition of Florida Cities Water Company for limited proceeding to recover environmental litigation costs for North and South Ft. Myers Divisions in Lee County and Barefoot Bay Division in Brevard County.

Dear Mr. Gatlin:

During the July 14, 1998 customer meeting at Barefoot Bay, several customers testified that the Barefoot Bay golf course was only receiving 80,000 gpd of effluent when the reuse agreement required that the utility provide approximately 115,000 gpd of effluent. Due to these customer concerns, staff requests you provide a copy of all effluent reuse agreements which Florida Cities Water Company has at its Barefoot Bay division. Also, please provide staff a copy of all information which indicates how much effluent was sold or provided to the golf course and all other reuse customers. Please provide the requested information before August 7, 1998.

Sincerely,

Tim Vaccaro  
Senior Attorney
