Re: Docket No. 980731-WS, Application for certificate to provide
water and wastewater service in Charlotte County by Hunter
Creek Utilities, LLC.

Dear Sir,

On July 21, 1998 I received a letter from your department
dated June 24, 1998 regarding deficiencies on our application.
The reason it took so long to reach me is because it was sent to
Hunter Creek Utilities, LLC at our Rivers Edge address and the
Post Office did not recognize that company since we don't receive
any other mail under that name. The letter must have traveled around
for almost three weeks before someone realized that it belonged to
Rivers Edge. At that time it was bundled with my other mail and
forwarded to me at my home address in New York. It takes
approximately five to six days for mail to be forwarded to New York
(see attached envelope).

At this time, I am requesting an extension until August 17th.

Also, please send all future correspondence to:

Hunter Creek Utilities, LLC
902 Whispering Pines
Bloomingburg, New York 12721

I will notify you when I have returned to Florida.

Sincerely,
John Leonette
