ORDER APPROVING RESALE AGREEMENT

BY THE COMMISSION:

On March 27, 1998, Sprint-Florida, Incorporated (Sprint) and
Burno, Inc. d/b/a Integra Paging (Integra) filed a request for
approval of a resale agreement under the Telecommunications Act of
1996, 47 U.S.C. §252(e) of the Telecommunications Act of 1996 (the
Act). The agreement is attached to this Order as Attachment A and
incorporated by reference herein.

Both the Act and Chapter 364, Florida Statutes, encourage
parties to enter into negotiated agreements to bring about local
exchange competition as quickly as possible. Under the
requirements of 47 U.S.C. § 252(e), negotiated agreements must be
submitted to the state commission for approval. Section 252(e)(4)
requires the state to reject or approve the agreement within 90
days after submission or it shall be deemed approved.

This agreement covers a nine-month period (until December 31,
1998) and governs the relationship between the companies regarding
the resale of tariffed telecommunication services. Under 47 U.S.C.
§ 252(a)(1), the agreement shall include a detailed schedule of
itemized charges for interconnection and each service or network
element included in the agreement. The agreement states that

telecommunications services provided by Sprint for resale will be available for purchase by Integra at a discount of 19.40% for Category I--All Other Discount, and 12.10% for Category II--Operator Assistance/DA Discount.

Upon review of the proposed agreement, we find that it complies with the Telecommunications Act of 1996; thus, we hereby approve it. Sprint and Integra must file any supplements or modifications to their agreement with the Commission for review under the provisions of 47 U.S.C. § 252(e).

Based on the foregoing, it is

ORDERED by the Florida Public Service Commission that the resale agreement between Sprint-Florida, Incorporated and Burno, Inc. d/b/a Integra Paging, as set forth in Attachment A and incorporated by reference in this Order, is hereby approved. It is further

ORDERED that any supplements or modifications to this agreement must be filed with the Commission for review under the provisions of 47 U.S.C. § 252(e). It is further

ORDERED that this docket shall be closed.

BY ORDER of the Florida Public Service Commission this 10th day of August, 1998.

NOTICE OF FURTHER PROCEEDINGS OR JUDICIAL REVIEW

The Florida Public Service Commission is required by Section 120.569(1), Florida Statutes, to notify parties of any administrative hearing or judicial review of Commission orders that is available under Sections 120.57 or 120.68, Florida Statutes, as well as the procedures and time limits that apply. This notice should not be construed to mean all requests for an administrative hearing or judicial review will be granted or result in the relief sought.

Any party adversely affected by the Commission's final action in this matter may request: 1) reconsideration of the decision by filing a motion for reconsideration with the Director, Division of Records and Reporting, 2540 Shumard Oak Boulevard, Tallahassee, Florida 32399-0850, within fifteen (15) days of the issuance of this order in the form prescribed by Rule 25-22.060, Florida Administrative Code; or 2) judicial review in Federal district court pursuant to the Federal Telecommunications Act of 1996, 47 U.S.C. § 252(e)(6).

MASTER RESALE AGREEMENT

This Agreement is between Integra Paging ("Carrier") and Sprint-Florida, Incorporated ("Sprint") hereinafter collectively, "the Parties", entered into this 6th day of March, 1998, for the State of Florida.

WHEREAS, the Parties wish to establish terms and conditions for the purposes of fulfilling Sprint's obligations established by 251(b) and (c) of the Act, as defined herein;

THEREFORE, the Parties hereby agree as follows:

I. DEFINITIONS

Definitions of the terms used in this Agreement shall have the meanings set forth below.

1. Act - means the Communications Act of 1934, as amended by the Telecommunications Act of 1996, Public Law 104-104 of the 104th United States Congress effective February 8, 1996.
2. Affiliate - means any person that (directly or indirectly) owns or controls, is owned or controlled by, or is under common ownership or control with, another entity. For purposes of this Agreement, the term "own" or control means to own an equity interest (or the equivalent thereof) of at least ten percent (10%) with respect to either party, or the right, under common ownership, to control the business decisions, management and policy of another entity.
3. Central Office Switch, End Office or Tandem (hereinafter "Central Office" or "CO") - means a switching facility within the public switched telecommunications network, including but not limited to:

End Office Switches which are switches from which end-user Telephone Exchange Services are directly connected and offered.

Tandem Switches are switches which are used to connect and switch trunk circuits between and among Central Office Switches.
4. Commercial Mobile Radio Services ("CMRS") means a radio communications service between inmobile stations or receivers and land stations, or by mobile stations communicating among themselves that is provided for profit and that makes interconnected service available to the public or the such classes of eligible users as to be effectively available to a substantial portion of the public as set fort in 47 code of Federal Regulations Section 20.3.
5. Commission - means the Florida Public Service Commission.
6. Competitive Local Exchange Carrier ("CLEC") or Alternative Local Exchange Carrier ("ALEC") - means any entity or person authorized to provide local exchange services in competition with an ILEC.
7. Electronic Interfaces - means access to operations support systems consisting of pre-ordering, ordering, provisioning, maintenance and repair and billing functions. For the

purposes of this Agreement, unless otherwise specifically agreed to in writing, Sprint shall provide such Electronic Interfaces in accordance with Exhibit 2.

8. FCC - means Federal Communications Commission.
9. Incumbent Local Exchange Carrier ("ILEC") - is any local exchange Carrier that was as of February 8, 1996, deemed to be a member of the Exchange Carrier Association as set forth in 47 C.F.R. §69.601(b) of the FCC's regulations.
10. Interconnection - means the connection of separate pieces of equipment, transmission facilities, etc., within, between or among networks for the transmission and routing of exchange service and exchange access. The architecture of interconnection may include collocation and/or mid-span meet arrangements.
11. Interexchange Carrier ("IXC") - means a telecommunications service provider offering interexchange telecommunications services (e.g., inter- and/or intraLATA toll)
12. Local Service Request ("LSR") - means an industry standard form used by the Parties to add, establish, change or disconnect local services.
13. Local Traffic - means traffic (excluding Commercial Mobile Radio traffic, e.g. paging cellular, PCS) that is originated and terminated within a given local calling area, or mandatory expanded area service (EAS) area, as defined by State commissions or, if not defined by State commission, then as defined in existing Sprint tariffs.
14. Parties means, jointly, Sprint-Florida, Incorporated and Integra Paging, and no other entity, affiliate, subsidiary or assign.
15. Parity means, subject to the availability, development and implementation of necessary industry standard Electronic Interfaces, the provision by Sprint of services, Network Elements, functionality or telephone numbering resources under this Agreement to Carrier on terms and conditions, including provisioning and repair intervals, no less favorable than those offered to Sprint, its Affiliates or any other entity that obtains such services, Network Elements, functionality or telephone numbering resources. Until the implementation of necessary Electronic Interfaces, Sprint shall provide such services, Network Elements, functionality or telephone numbering resources on a non-discriminatory basis to Carrier as it provides to its Affiliates or any other entity that obtains such services, Network Elements, functionality or telephone numbering resources.
16. Rebranding - occurs when Carrier purchases a wholesale service from Sprint when the Carrier brand is substituted for the Sprint brand.
17. Telecommunications Services - shall have the meaning set forth in 47 USC §153(46).
18. Undefined Terms - The Parties acknowledge that terms may appear in this Agreement which are not defined and agree that any such terms shall be construed in accordance with their customary usage in the telecommunications industry as of the effective date of this Agreement or, as applicable, as such term is defined in the Act..

19. Wholesale Service - means Telecommunication Services that Sprint provides at retail to subscribers who are not telecommunications Carriers as set forth in 47 USC §251(c)(4).

II. SCOPE, TERM AND TERMINATION

A. Scope

1. The Telecommunications Services and facilities to be provided to Carrier by Sprint in satisfaction of this Agreement may be provided pursuant to Sprint tariffs and then current practices. Should there be a conflict between the terms of this Agreement and any such tariffs or practices, the terms of the tariff shall control to the extent allowed by law or Commission Order.
2. Notwithstanding the above provisions, or any other provision in this Agreement, this Agreement and any Attachments hereto are subject to such changes or modifications with respect to the rates, terms or conditions contained herein as may be ordered, directed, or approved by the Commission or the FCC, or as may be required to implement the result of an order or direction of a court of competent jurisdiction with respect to its review of any appeal of the decision of a Commission or the FCC, in the exercise of their respective jurisdictions whether said changes or modifications result from an order issued on an appeal of the decision of a Commission or the FCC, a rulemaking proceeding, a generic investigation, a tariff proceeding, or an arbitration proceeding conducted by a Commission or FCC which applies to Sprint or in which the Commission or FCC makes a generic determination and in which Carrier had the right or the opportunity to participate, regardless of whether Carrier participated. Any rates, terms or conditions thus developed or modified shall be substituted in place of those previously in effect and shall be deemed effective under this Agreement as of the effective date of the order by the court, Commission or the FCC, whether such action was commenced before or after the effective date of this Agreement. If any such modification renders the Agreement inoperable or creates any ambiguity or requirement for further amendment to the Agreement, the Parties will negotiate in good faith to agree upon any necessary amendments to the Agreement. Should the Parties be unable to reach agreement with respect to the applicability of such order or the resulting appropriate modifications to this Agreement, the Parties agree to petition such Commission to establish appropriate interconnection arrangements under sections 251 and 252 of the Act in light of said order or decision.

B. Term

1. This Agreement shall be deemed effective upon approval by a Commission of appropriate jurisdiction or upon such other date as the parties shall mutually agree ("Approval Date"), provided Carrier has been certified by the Commission. No order or request for services under this Agreement shall be processed before the Approval Date.
2. Except as provided herein, Sprint and Carrier agree to provide service to each other on the terms defined in this Agreement until December 31, 1998, and thereafter the Agreement shall continue in force and effect unless and until terminated as provided herein.

C. Termination

1. Either party may terminate this Agreement by providing written notice of termination to the other party, such written notice to be provided at least 90 days in advance of the date of termination. In the event of such termination for service arrangements made available under this Agreement and existing at the time of termination, those arrangements shall continue without interruption until either (a) a new agreement is executed by the Parties, or (b) standard terms and conditions contained in Sprint's tariff or other substitute document that are approved and made generally effective by the Commission or the FCC.
2. In the event of default, either Party may terminate this Agreement in whole or in part provided that the non-defaulting Party so advises the defaulting Party in writing of the event of the alleged default and the defaulting Party does not remedy the alleged default within 60 days after written notice thereof. Default is defined to include:
 - a. Either Party's insolvency or initiation of bankruptcy or receivership proceedings by or against the Party; or
 - b. Either Party's material breach of any of the terms or conditions hereof, including the failure to make any undisputed payment when due.
3. If Sprint sells or trades substantially all the assets used to provide Telecommunications Services in a particular exchange or group of exchanges, Sprint may terminate this Agreement in whole or in part as to a particular exchange or group of exchanges upon sixty (60) days' prior written notice.
4. Termination of this Agreement for any cause shall not release either Party from any liability which at the time of termination has already accrued to the other Party or which thereafter may accrue in respect to any act or omission prior to termination or from any obligation which is expressly stated herein to survive termination.

III. RESALE OF LOCAL SERVICES

- A. Scope.
 1. Sprint retail Telecommunications Services shall be available for resale at-wholesale prices pursuant to 47 USC §251(c)(4). Services that are not retail Telecommunications Services and, thus, not covered by this Agreement and not available for resale at wholesale prices include, but are not limited to, Voice Mail/MessageLine, Paging, Inside Wire Installation and Maintenance, CMRS services, Lifeline services and similar government programs (underlying Telecommunications Service will be resold but Carrier must qualify its offering for these programs), promotions of less than ninety (90) days and Employee Concessions.
 2. COCOT lines will not be resold at wholesale prices under this Agreement.
 3. Except as set forth above and as may be allowed by the FCC or Commission, Sprint shall not place conditions or restrictions on Carrier's resale of wholesale regulated Telecommunications Services, except for restrictions on the resale of residential service to other classifications (e.g., residential service to business customers) and for promotions of 90-days or less in length. Every regulated retail service rate, including promotions over 90-days in length, discounts, and option plans will have a

corresponding wholesale rate. Sprint will make wholesale telecommunications service offerings available for all new regulated services at the same time the retail service becomes available.

4. Sprint will continue to provide existing databases and signaling support for wholesale services at no additional cost.
 5. Sprint will make any service grandfathered to an end-user or any Individual Case Basis ("ICB") service available to Carrier for resale to that same end-user at the same location(s) and will provide any legally required notice or a 30-days notice, whichever is less, to Carrier prior to the effective date of changes in or discontinuation of any product or service that is available for resale hereunder.
 6. Sprint will continue to provide Primary Interexchange Carrier ("PIC") processing for those end-users obtaining resold service from Carrier. Sprint will bill and Carrier will pay any PIC change charges. Sprint will only accept said requests for PIC changes from Carrier and not from Carrier's end users.
 7. Sprint shall allow Carrier customers to retain their current telephone number when technically feasible within the same Sprint Wire Center and shall install Carrier customers at Parity.
- B. Charges and Billing
1. Access services, including revenues associated therewith, provided in connection with the resale of services hereunder shall be the responsibility of Sprint and Sprint shall directly bill and receive payment on its own behalf from an IXC for access related to interexchange calls generated by resold or rebranded customers.
 2. Sprint will be responsible for returning EMI/EMR records to IXCs with the proper EMR Return Code along with the Operating Company Number ("OCN") of the associated Automatic Number Identification ("ANI"), (i.e., Billing Number).
 3. Sprint will deliver a monthly statement for wholesale services as follows:
 - a. Invoices will be provided in a standard Carrier access billing format, or other such format as Sprint may determine;
 - b. Where local usage charges apply and message detail is created to support available services, the originating local usage at the call detail level in standard EMR industry format will be exchanged daily or at other mutually agreed upon intervals;
 - c. The Parties will work cooperatively to exchange information to facilitate the billing of in and out collect and inter/intra-region alternately billed messages;
 - d. Sprint agrees to provide information on the end-user's selection of special features where Sprint maintains such information (e.g., billing method, special language) when Carrier places the order for service;

- e. Monthly recurring charges for Telecommunications Services sold pursuant to this Agreement shall be billed monthly in advance.
 - f. For billing purposes, and except as otherwise specifically agreed to in writing, the Telecommunications Services provided hereunder are furnished for a minimum term of one month. Each month is presumed to have thirty (30) days.
4. The monthly invoice shall be due and payable in full by Carrier within thirty days of the date of the Bill Date. If the charges are not paid on the due date, Carrier shall be liable for and shall pay late payment charges equal to the lesser of one and one-half percent (1-1/2%) per month of the balance due or the maximum amount allowed by law, until the amount due including late payment charges is paid in full.
 5. Sprint shall not accept orders for Primary Local Carrier ("PLC") record changes or other orders for Telecommunications Services or Additional Services under this Agreement from Carrier while any past due, undisputed charges remain unpaid.
 6. Sprint shall bill for message provisioning, data transmission and for data tape charges.
- C. Pricing

Pricing shall be developed based on 47 USC §252(d)(3), as now enacted or as hereafter amended, where wholesale prices are retail prices less avoided costs, net of any additional costs imposed by wholesale operations. The wholesale rate shall be as set forth on Exhibit 1. Additional rates for new or additional services shall be added at the time said new or additional services are offered.

D. Provisioning and Installation

1. Electronic Interfaces for the exchange of ordering information will be adopted and made available in accordance with the provisions of Exhibit 2.
2. Carrier and Sprint may order PLC and Primary Interexchange Carrier ("PIC") record changes using the same order process and on a unified order (the "LSR").
3. A general Letter of Agency ("LOA") initiated by Carrier or Sprint will be required to process a PLC or PIC change order. No LOA signed by the end-user will be required to process a PLC or PIC change ordered by Carrier or Sprint. Carrier and Sprint agree that PLC and PIC change orders will be supported with appropriate documentation and verification as required by FCC and Commission rules. In the event of a subscriber complaint of an unauthorized PLC record change where the Party that ordered such change is unable to produce appropriate documentation and verification as required by FCC and Commission rules (or, if there are no rules applicable to PLC record changes, then such rules as are applicable to changes in long distance carriers of record), such Party shall be liable to pay and shall pay all nonrecurring charges associated with reestablishing the subscriber's local service with the original local carrier.
4. Each Party will provide the other, if requested, as agent of the end-user customer, at the time of the PLC order, current "As Is" pre-ordering/ordering information relative to the end-user consisting of local features, products, services, elements, combinations, and any customer status qualifying the customer for a special service (e.g., DA exempt,

lifeline, etc.) provided by the Party to that end-user. Each Party is responsible for ordering the Telecommunications Services desired by the end-user customer.

5. Until such time as numbering is administered by a third party, Sprint shall provide Carrier the ability to obtain telephone numbers from the Sprint, and to assign these numbers with the Carrier customer. This includes vanity numbers. Reservation and aging of numbers remain the responsibility of the Sprint. Carrier shall pay Sprint the reasonable administrative costs of this function.
6. Sprint shall provide Carrier the ability to order all available features on its switches at parity with what Sprint offers to its own end user customers. (e.g., call blocking of 900 and 976 calls by line or trunk).
7. Sprint will direct customer to Carrier for requests changing their Carrier service. Sprint shall process all PIC changes provided by Carrier on behalf of IXCs. If PIC changes are received by Sprint directly from IXCs, Sprint shall reject the PIC change back to the IXC with the OCN of Carrier in the appropriate field of the industry standard CARE record.

IV. NETWORK MAINTENANCE AND MANAGEMENT

A. General Requirements

1. The Parties will work cooperatively to install and maintain a reliable network. The Parties will exchange appropriate information (e.g., maintenance contact numbers, network information, information required to comply with law enforcement and other security agencies of the government, etc.) to achieve this desired reliability.
2. Each Party shall provide a 24 hour contact number for network traffic management issues to the other's surveillance management center. A fax number must also be provided to facilitate event notifications for planned mass calling events. The Parties shall agree upon appropriate network traffic management control capabilities.
3. Sprint agrees to work toward having service centers dedicated to Carriers available 7 days a week, 24 hours a day, and in the interim must handle Carrier calls as well as other customer calls in a non-discriminatory manner.
4. Voice response units, similar technologies, intercept solutions or live referrals should be used, where available to refer/transfer calls from customers to the proper Telecommunications Carrier for action. Neither Party shall market to end-users during a call when that customer contacts the Party solely as a result of a misdirected call.
5. Notice of Network Event. Each Party has the duty to alert the other to any network events that can result or have resulted in service interruption, blocked calls, or negative changes in network performance affecting more than twenty-five (25%) percent of either Party's circuits in any exchange as soon as reasonably possible.
6. Notice of Network Change. The Parties agree to provide each other reasonable notice of changes including the information necessary for the transmission and routing of services using that local exchange carrier's facilities or networks, as well as other changes that would affect the interoperability of those facilities and networks. Correct Local Exchange Routing Guide (LERG) data is considered part of this requirement.

7. Sprint shall provide repair progress status reports so that Carrier will be able to provide its end-user customers with detailed information and an Estimated Time To Repair ("ETTR"). Sprint will close all trouble reports with Carrier. Carrier will close all trouble reports with its end-user.
 8. A non-branded, or at Carrier's cost a branded (sticker on a non-branded form), customer-not-at-home card shall be left by Sprint at the customer's premises when a Carrier customer is not at home for an appointment and Sprint performs repair or installation services on behalf of Carrier.
 9. Sprint will ensure that all applicable alarm systems that support Carrier customers are operational and that support databases are accurate. Sprint will respond to Carrier customer alarms consistent with how and when it responds to alarms for its own customers.
 10. Carrier shall receive prior notification of any scheduled maintenance activity performed by Sprint that may be service affecting to Carrier local customers (e.g., cable throws, power tests, etc.).
- B. **Transfer of Service Announcements** - When an end-user who continues to be located within the local calling area changes from Sprint to Carrier and does not retain its original telephone number which was provided by Sprint, Sprint will provide a new number announcement on the inactive telephone number upon request, for a minimum period of 90 days (or some shorter reasonable period when numbers are in short supply), at no charge to the end-user or the Carrier unless Sprint has a tariff on file to charge end-users. This announcement will provide details on the new number to be dialed to reach this customer.
- C. **Repair Calls** - Carrier and Sprint will employ the following procedures for handling misdirected repair calls:
1. Carrier and Sprint will educate their respective customers as to the correct telephone numbers to call in order to access their respective repair bureaus.
 2. To the extent the correct provider can be determined, misdirected repair calls will be referred to the proper provider of local exchange service in a courteous manner, at no charge, and the end-user will be provided the correct contact telephone number. In responding to repair calls, neither Party shall make disparaging remarks about the other, nor shall they use these repair calls as the basis for internal referrals or to solicit customers or to market services. Either Party may respond with accurate information in answering customer questions.
 3. Carrier and Sprint will provide their respective repair contact numbers to one another on a reciprocal basis.
- D. **Restoration of Service in the Event of Outages** - Sprint-restoration of service in the event of outages due to equipment failures, human error, fire, natural disaster, acts of God, or similar occurrences shall be performed in accordance with the following priorities. First, restoration priority shall be afforded to those services affecting its own end-users and identified Carrier end-users relative to national security or emergency

preparedness capabilities and those affecting public safety, health, and welfare, as those elements and services are identified by the appropriate government agencies. Second, restoration priority shall be afforded between Sprint and Carrier in general. Third, should Sprint be providing or performing Tandem Switching functionality for Carrier, third level priority restoration should be afforded to any trunk. Lastly, all service shall be restored as expeditiously as practicable and in a non-discriminatory manner.

- E. Service Projections - Carrier shall make available to Sprint periodic service projections, as reasonably requested.
- F. Quality of Service
 - 1. Upon deployment of Electronic Interfaces, Sprint shall provide Carrier with the same intervals and level of service provided by Sprint to its end-users or other Carriers at any given time.
 - 2. Upon deployment of Electronic Interfaces, Sprint shall provide Carrier maintenance and repair services in a manner that is timely, consistent with service provided to Sprint end-users and/or other Carriers.
 - 3. Carrier and Sprint shall negotiate a process to expedite network augmentations and other orders when requested by Carrier.
- G. Information
 - 1. Order confirmation must be provided within 24 hours of completion to ensure that all necessary translation work is completed on newly installed facilities or augments.
 - 2. Sprint and Carrier shall agree upon and monitor operational statistical process measurements. Such statistics will be exchanged under an agreed upon schedule.

V. **ADDITIONAL SERVICES**

A. **911/E911**

- 1. Description
 - a. Where Sprint is the owner or operator of the 911/E911 database, Sprint will maintain daily updating of 911/E911 database information related to Carrier end-users.
 - b. Sprint will provide Carrier a default arrangement/disaster recovery plan including an emergency back-up number in case of massive trunk failures.

B. **Directory Listings and Distribution**

- 1. White Page Directories; Distribution; Use of Listing Information
 - a. Sprint agrees to include one basic White Pages listing for each Carrier customer located with the geographic scope of its White Pages directories, at no additional charge to Carrier. A basic White Pages listing is defined as a customer name,

address and either the Carrier assigned number for a customer or the number for which number portability is provided, but not both numbers. Basic White Pages listing of Carrier customers will be interfiled with listings of Sprint and other CLECs' customers.

- b. Carrier agrees to provide Carrier customer listing information, including without limitation directory distribution information, to Sprint at no charge. Sprint will provide Carrier with the appropriate format and service order updates for provision of Carrier customer listing information to Sprint. The Parties agree to adopt a mutually acceptable electronic format for the provision of such information as soon as practicable. In the event OBF adopts an industry-standard format for the provision of such information, the parties agree to adopt such format.
- c. Sprint agrees to provide White Pages database maintenance services to Carrier. Carrier will be charged a Service Order entry fee upon submission of Service Orders into Sprint's Service Order Entry System, which will include compensation for such database maintenance services. Service Order entry fees apply when Service Orders containing directory records are entered in Sprint's Service Order Entry System initially, and when Service Orders are entered in order to process a requested change to directory records.
- d. Carrier customer listing information will be used solely for the provision of directory services, including the sale of directory advertising to Carrier customers.
- e. In addition to a basic White Pages listing, Sprint will provide, at the rates set forth in the appropriate Sprint tariff, tariffed White Pages listings (e.g., additional, alternate, foreign and non-published listings) for Carrier to offer for resale to Carrier's customers.
- f. Sprint agrees to provide White Pages distribution services to Carrier customers within Sprint's service territory at no additional charge to Carrier. Sprint represents that the quality, timeliness, and manner of such distribution services will be at parity with those provided to Sprint and to other CLEC customers.
- g. Sprint agrees to include critical contact information pertaining to Carrier in the "Information Pages" of those of its White Pages directories covering markets in which Carrier is providing or plans to commence providing local exchange service during the publication cycle of such directories. Critical contact information includes Carrier's business office number, repair number, billing information number, and any other information required to comply with applicable regulations, but not advertising or purely promotional material. Carrier will not be charged for inclusion of its critical contact information. The format, content and appearance of Carrier's critical contact information will conform to applicable Sprint and/or directory publisher guidelines and will be consistent with the format, content and appearance of critical contact information pertaining to all CLECs in a directory.
- h. Sprint will accord Carrier customer listing information the same level of confidentiality that Sprint accords its own proprietary customer listing

- information. Sprint shall ensure that access to Carrier customer proprietary listing information will be limited solely to those of Sprint and Sprint's directory publisher's employees, agents and contractors that are directly involved in the preparation of listings, the production and distribution of directories, and the sale of directory advertising. Sprint will advise its own employees, agents and contractors and its directory publisher of the existence of this confidentiality obligation and will take appropriate measures to ensure their compliance with this obligation. Notwithstanding any provision herein to the contrary, the furnishing of White Pages proofs to a CLEC that contains customer listings of both Sprint and Carrier will not be deemed a violation of this confidentiality provision.
- i. Sprint will not sell or license Carrier's customer listing information to any third parties without Carrier's prior written consent. Upon receipt of such consent, Sprint and Carrier will work cooperatively to address any payments for the sale or license of Carrier customer listing information to third parties. Any payments due to Carrier for its customer listing information will be net of administrative expenses incurred by Sprint in providing such information to third parties. The parties acknowledge that the release of Carrier's customer listing information to Sprint's directory publisher will not constitute the sale or license of Carrier's customer listing information causing any payment obligation to arise pursuant to this Subsection i.
2. Other Directory Services. Sprint will exercise reasonable efforts to cause its directory publisher to enter into a separate agreement with Carrier which will address other directory services desired by Carrier as described in this Section 2. Both parties acknowledge that Sprint's directory publisher is not a party to this Agreement and that the provisions contained in this Section 2 are not binding upon Sprint's directory publisher.
- a. Sprint's directory publisher will negotiate with Carrier concerning the provision of a basic Yellow Pages listing to Carrier customers located within the geographic scope of publisher's Yellow Pages directories and distribution of Yellow Pages directories to Carrier customers.
 - b. Directory advertising will be offered to Carrier customers on a nondiscriminatory basis and subject to the same terms and conditions that such advertising is offered to Sprint and other CLEC customers. Directory advertising will be billed to Carrier customers by directory publisher.
 - c. Directory publisher will use commercially reasonable efforts to ensure that directory advertising purchased by customers who switch their service to Carrier is maintained without interruption.
 - d. Information pages, in addition to any information page or portion of an information page containing critical contact information as described above in Section 1(g), may be purchased from Sprint's directory publisher, subject to applicable directory publisher guidelines and regulatory requirements.
 - e. Directory publisher maintains full authority as publisher over its publishing policies, standards and practices, including decisions regarding directory

coverage area, directory issue period, compilation, headings, covers, design, content or format of directories, and directory advertising sales.

C. Directory Assistance

1. General Requirements

- a. Where Sprint is a directory assistance service provider, at Carrier's request, subject to any existing system capacity restraints which Sprint shall work to overcome, Sprint will provide to Carrier for resale, Carrier branded directory assistance service which is at parity with the directory assistance service Sprint makes available to its own end-users.
- b. Sprint will make Carrier's data available to anyone calling Sprint's DA and will update its database with Carrier's data at Parity with updates from its own data.
- c. Sprint may store proprietary customer information provided by Carrier in its Directory Assistance database; such information should be able to be identified by source provider in order to provide the necessary protection of Carrier's or Carrier customer's proprietary or protected information.
- d. Carrier may limit Sprint's use of Carrier's data to Directory Assistance or, pursuant to written agreement, grant greater flexibility in the use of the data subject to proper compensation.
- e. If Directory Assistance is a separate retail service provided by Sprint, Sprint will allow wholesale resale of Sprint DA service.
- f. To the extent Sprint provides Directory Assistance service, Carrier will provide its listings to Sprint via data and processed directory assistance feeds in accordance with an agreed upon industry format. Sprint shall include Carrier listings in its Directory Assistance database.
- g. Carrier has the right to license Sprint unbundled directory databases and sub databases and utilize them in the provision of its own DA service. To the extent that Carrier includes Sprint listings in its own Directory Assistance database, Carrier shall make Sprint's data available to anyone calling Carrier's DA.
- h. Sprint will make available to Carrier all DA service enhancements on a non-discriminatory basis.
- i. When requested by Carrier, and if technically feasible, Sprint will route Carrier customer DA calls to Carrier DA centers.

2. Business Processes

- a. Sprint will, consistent with Section 222 of the Act, update and maintain the DA database with Carrier data, utilizing the same procedures it uses for its own customers, for those Carrier customers who:

Disconnect

Change Carrier

Install "Change" orders
Are Non-Published Are Non-Listed
Are Non-Published/Non-Listed

- b. Carrier shall bill its own end-users.
- c. Carrier will be billed in an agreed upon standard format.

3. Compensation

- a. When Carrier is rebranding the local service of Sprint, directory assistance that is provided without separate charge to end-users will be provided to Carrier end-users as part of the basic wholesale local service, subject to any additional actual expense to brand the service with Carrier's brand. Where DA is separately charged as a retail service by Sprint, Carrier shall pay for DA service at retail less avoided cost.
- b. Sprint shall place Carrier end-users listings in its directory assistance database for no charge.
- c. Sprint shall, subject to Section 222 of the Act, as enacted or hereafter amended, make its unbundled directory assistance database available to Carrier.
- d. Any additional actual trunking costs necessary to provide a Carrier branded resold directory assistance service or routing to Carrier's own directory assistance service location shall be paid by Carrier.

D. Operator Services

1. General Requirements

- a. Where Sprint (or a Sprint Affiliate on behalf of Sprint) provides operator services, at Carrier's request (subject to any existing system capacity restraints) Sprint will provide to Carrier, Carrier branded operator service at parity with the operator services Sprint makes available to its own end-users.
- b. At Carrier's request, subject to any existing system capacity restraints, Sprint will route Operator Service traffic of Carrier's customers to the Carrier's Operator Service Center.
- c. Sprint shall provide operator service features to include the following: (i) local call completion 0- and 0+, billed to calling cards, billed collect, and billed to third party, and (ii) billable time and charges, etc.

2. Compensation

- a. Sprint shall provide operator services for resale at wholesale prices.
- b. When Carrier requests Carrier branded Sprint operator services for resale any actual additional trunking costs associated with Carrier branding shall be paid by Carrier.

- c. The Parties shall jointly establish a procedure whereby they will coordinate Busy Line Verification ("BLV") and Busy Line Verification and Interrupt ("BLVI") services on calls between their respective end-users. BLV and BLVI inquiries between operator bureaus shall be routed over the appropriate trunk groups. Carrier and Sprint will reciprocally provide adequate connectivity to facilitate this capability. In addition, upon request of Carrier, Sprint will make available to Carrier for purchase under contract BLV and BLVI services at wholesale rates.

VI. ADDITIONAL RESPONSIBILITIES OF THE PARTIES

A. Cooperation on Fraud

1. The Parties agree that they shall cooperate with one another to investigate, minimize and take corrective action in cases of fraud. The Parties' fraud minimization procedures are to be cost effective and implemented so as not to unduly burden or harm one Party as compared to the other.
2. At a minimum, such cooperation shall include, when allowed by law or regulation, providing to the other Party, upon request, information concerning any end-user who terminates services to that Party without paying all outstanding charges, when such end-user seeks service from the other Party. Where required, it shall be the responsibility of the Party seeking such information to secure the end-user's permission to obtain such information.

B. Proprietary Information

1. During the term of this Agreement, it may be necessary for the Parties to provide each other with certain information ("Information") considered to be private or proprietary. The recipient shall protect such Information from distribution, disclosure or dissemination to anyone except its employees or contractors with a need to know such Information in conjunction herewith, except as otherwise authorized in writing. All such Information shall be in writing or other tangible form and clearly marked with a confidential or proprietary legend. Information conveyed orally shall be designated as proprietary or confidential at the time of such oral conveyance and shall be reduced to writing within 30 days.
2. The Parties will not have an obligation to protect any portion of Information which: (a) is made publicly available lawfully by a non-Party to this Agreement; (b) is lawfully obtained from any source other than the providing Party; (c) is previously known without an obligation to keep it confidential; (d) is released by the providing Party in writing, or (e) is required to be disclosed pursuant to a subpoena or other process or order issued by a court or administrative agency having appropriate jurisdiction, provided however, that the recipient shall give prior notice to the providing Party and shall reasonably cooperate if the providing Party deems it necessary to seek protective arrangements
3. Each Party will make copies of the Information only as necessary for its use under the terms hereof, and each such copy will be marked with the same proprietary notices as appearing on the originals. Each Party agrees to use the Information solely in support of this Agreement and for no other purpose.

4. All records and data received from Carrier or generated by Sprint as part of its requirements hereunder, including but not limited to data or records which are received or generated and stored by Sprint pursuant to this Agreement, shall be proprietary to Carrier and subject to the obligations specified in this Section.
5. The Parties acknowledge that Information is unique and valuable, and that disclosure in breach of this Agreement will result in irreparable injury to owner for which monetary damages alone would not be an adequate remedy. Therefore, the Parties agree that in the event of a breach or threatened breach of confidentiality the owner shall be entitled to specific performance and injunctive or other equitable relief as a remedy for any such breach or anticipated breach without the necessity of posting a bond. Any such relief shall be in addition to and not in lieu of any appropriate relief in the way of monetary damages.

C. **Law Enforcement And Civil Process**

1. **Intercept Devices**

Local and federal law enforcement agencies periodically request information or assistance from local telephone service providers. When either Party receives a request associated with a customer of the other Party, it shall refer such request to the Party that serves such customer, unless the request directs the receiving Party to attach a pen register, trap-and-trace or form of intercept on the Party's facilities, in which case that Party shall comply with any valid request. Charges for the intercept shall be at Sprint's applicable charges.

2. **Subpoenas**

If a Party receives a subpoena for information concerning an end-user the Party knows to be an end-user of the other Party, it shall refer the subpoena back to the requesting Party with an indication that the other Party is the responsible Company, unless the subpoena requests records for a period of time during which the Party was the end-user's service provider, in which case the Party will respond to any valid request.

3. **Hostage or Barricaded Persons Emergencies**

If a Party receives a request from a law enforcement agency for temporary number change, temporary disconnect or one-way denial of outbound calls for an end-user of the other Party by the receiving Party's switch, that Party will comply with any valid emergency request. However, neither Party shall be held liable for any claims or damages arising from compliance with such requests on behalf of the other Party's end-user and the Party serving such end-user agrees to indemnify and hold the other Party harmless against any and all such claims.

D. **Publicity**

Neither Party shall produce, publish, or distribute any press release or other publicity referring to the other Party or its Affiliates, or to this Agreement, without the prior written approval of the other Party. Each Party shall obtain the other Party's prior approval before discussing this Agreement in any press or media interviews. In no

event shall either Party mischaracterize the contents of this Agreement in any public statement or in any representation to a governmental entity or member thereof.

VII. FORCE MAJEURE

Neither Party will be liable or deemed to be in default for any delay or failure in performance under this Agreement for an interruption in service for which it had no control resulting directly or indirectly by reason of fire, flood, earthquake, or like acts of God, explosion, war, or other violence, strikes or work stoppages, or any requirement of a governmental agency, or cable cut by a third party, provided the Party so affected takes all reasonable steps to avoid or remove such cause of non-performance, provides immediate notice to the other Party setting forth the nature of such claimed event and the expected duration thereof, and resumes provision of service promptly whenever such causes are removed.

VIII. LIMITATION OF LIABILITY

Except as otherwise set forth in this Agreement, neither Party shall be responsible to the other for any indirect, special, consequential or punitive damages, including (without limitation) damages for loss of anticipated profits or revenue, loss of good will, loss of customers, or other economic loss in connection with or arising from anything said, omitted, or done hereunder (collectively "Consequential Damages"), whether arising in contract or tort, provided that the foregoing shall not limit a party's obligation under IX to indemnify, defend, and hold the other party harmless against amounts payable to third parties. Notwithstanding the foregoing, in no event shall Sprint's liability to Carrier for a service outage exceed an amount equal to the proportionate charge for the service(s) or unbundled element(s) provided for the period during which the service was affected.

IX. INDEMNIFICATION

- A. Each Party agrees to indemnify and hold harmless the other Party from and against claims for damage to tangible personal or real property and/or personal injuries arising out of the negligence or willful act or omission of the indemnifying Party or its agents, servants, employees, contractors or representatives. To the extent not prohibited by law, each Party shall defend, indemnify, and hold the other Party harmless against any loss to a third party arising out of the negligence or willful misconduct by such indemnifying Party, its agents, or contractors in connection with its provision of service or functions under this Agreement. In the case of any loss alleged or made by a Customer of either Party, the Party whose customer alleged such loss shall indemnify the other Party and hold it harmless against any or all of such loss alleged by each and every Customer. The indemnifying Party under this Section agrees to defend any suit brought against the other Party - either individually or jointly with the indemnifying Party - for any such loss, injury, liability, claim or demand. The indemnified Party agrees to notify the other Party promptly, in writing, of any written claims, lawsuits, or demands for which it is claimed that the indemnifying Party is responsible under this Section and to cooperate in every reasonable way to facilitate defense or settlement of claims. The indemnifying Party shall have complete control over defense of the case and over the terms of any proposed settlement or compromise thereof. The indemnifying Party shall not be liable under this Section for settlement by the

indemnified Party of any claim, lawsuit, or demand, if the indemnifying Party has not approved the settlement in advance, unless the indemnifying Party has had the defense of the claim, lawsuit, or demand tendered to it in writing and has failed to assume such defense. In the event of such failure to assume defense, the indemnifying Party shall be liable for any reasonable settlement made by the indemnified Party without approval of the indemnifying Party.

- B. Each Party agrees to indemnify and hold harmless the other Party from all claims and damages arising from the Indemnifying Party's discontinuance of service to one of its end-users for nonpayment.
- C. When the lines or services of other companies and carriers are used in establishing connections to and/or from points not reached by a Party's lines, neither Party shall be liable for any act or omission of the other companies or carriers.
- D. In addition to its indemnity obligations hereunder, each Party shall provide, in its tariffs and contracts with its customers that relate to any Telecommunications Service or Network Element provided or contemplated under this Agreement, that in no case shall such Party or any of its agents, contractors or others retained by such parties be liable to any Customer or third party for (i) any loss relating to or arising out of this Agreement, whether in contract or tort, that exceeds the amount such Party would have charged the applicable Customer for the service(s) or function(s) that gave rise to such loss, and (ii) consequential damages (as defined in VIII. above).

X. ASSIGNMENT

- A. If any Affiliate of either Party succeeds to that portion of the business of such Party that is responsible for, or entitled to, any rights, obligations, duties, or other interests under this Agreement, such Affiliate may succeed to those rights, obligations, duties, and interest of such Party under this Agreement. In the event of any such succession hereunder, the successor shall expressly undertake in writing to the other Party the performance and liability for those obligations and duties as to which it is succeeding a Party to this Agreement. Thereafter, the successor Party shall be deemed Carrier or Sprint and the original Party shall be relieved of such obligations and duties, except for matters arising out of events occurring prior to the date of such undertaking.
- B. Except as herein before provided, and except to an assignment confined solely to moneys due or to become due, any assignment of this Agreement or of the work to be performed, in whole or in part, or of any other interest of a Party hereunder, without the other Party's written consent, which consent shall not be unreasonably withheld or delayed, shall be void. It is expressly agreed that any assignment of moneys shall be void to the extent that it attempts to impose additional obligations other than the payment of such moneys on the other Party or the assignee additional to the payment of such moneys.

XI. DISPUTE RESOLUTION

- A. Other Than Billing - The Parties recognize and agree that the Commission has continuing jurisdiction to implement and enforce all terms and conditions of this Agreement. Accordingly, the Parties agree that any dispute arising out of or relating to this Agreement that the Parties themselves cannot resolve may be submitted to the

Commission for resolution. The Parties agree to seek expedited resolution by the Commission, and shall request that resolution occur in no event later than sixty (60) days from the date of submission of such dispute. If the Commission appoints an expert(s) or other facilitator(s) to assist in its decision making, each party shall pay half of the fees and expenses so incurred. During the Commission proceeding each Party shall continue to perform its obligations under this Agreement provided, however, that neither Party shall be required to act in any unlawful fashion. This provision shall not preclude the Parties from seeking relief available in any other forum.

B. Billing

1. If any portion of an amount due to a Party ("the Billing Party") under this Agreement is subject to a bona fide dispute between the Parties, the Party billed (the "Non-Paying Party") shall within thirty (30) days of its receipt of the invoice containing such disputed amount give notice to the Billing Party of the amounts it disputes ("Disputed Amounts") and include in such notice the specific details and reasons for disputing each item. The Non-Paying Party shall pay when due all undisputed amounts to the Billing Party. The remaining balance of the Disputed Amount not paid shall thereafter be paid with appropriate late charges, if appropriate, upon final determination of such dispute.
2. If the Parties are unable to resolve the issues related to the Disputed Amounts in the normal course of business within thirty (30) days after delivery to the Billing Party of notice of the Disputed Amounts, each of the Parties shall appoint a designated representative that has authority to settle the dispute and that is at a higher level of management than the persons with direct responsibility for administration of this Agreement. The designated representatives shall meet as often as they reasonably deem necessary in order to discuss the dispute and negotiate in good faith in an effort to resolve such dispute. The specific format for such discussions will be left to the discretion of the designated representatives, however all reasonable requests for relevant information made by one Party to the other Party shall be honored.
3. If the Parties are unable to resolve issues related to the Dispute Amounts within thirty (30) days after the Parties' appointment of designated representatives pursuant to subsection 2, then either Party may file a compliant with the Commission to resolve such issues or proceed with any other remedy pursuant to law or equity. The Commission may direct payment of any or all funds plus applicable late charges to be paid to either Party.

XII. MISCELLANEOUS

- A. Governing Law - The Parties agree that this Agreement shall be construed in accordance with and governed by the laws of the State where the resale service is provided.
- B. Compliance With Laws - Both Parties agree to comply with all applicable federal, state, and local laws, including, but not limited to the Communications Act of 1934 as amended.
- C. Notices - All notices required or permitted to be given hereunder shall be in writing and shall be deemed to be effective as follows: (i) by hand on the date delivered; (ii) by

certified mail, postage prepaid, return receipt requested, on the date the mail is delivered or its delivery attempted; (iii) by facsimile transmission, on the date received in legible form (it being agreed that the burden of proof of receipt is on the sender and will not be met by a transmission report generated by the sender's facsimile machine), or (iv) if sent by electronic messaging system, on the date that electronic message is received. Notices shall be given as follows:

If to Sprint:

Sprint-Florida, Incorporated
Attn: Field Service Manager
555 Lake Border Drive
Apopka, FL 32703

If to Carrier:

Integra Paging
Attn: President
4220 W. Colonial Drive
Orlando, FL 32808

Either Party may change its address or the person to receive notices by a notice given to the other Party in the manner set forth above.

- D. Good Faith - The Parties agree to use their respective diligent and good faith efforts to fulfill all of their obligations under this agreement. The Parties recognize, however, that to effectuate all the purposes of the Agreement, it may be necessary either to enter into future agreements or to modify the Agreement, or both. In such event, the Parties agree to cooperate with each other in good faith. This Agreement may be modified by a written instrument only, executed by each Party hereto.
- E. Headings - The headings in this Agreement are inserted for convenience and identification only and are not intended to interpret, define, or limit the scope, extent or intent of this Agreement.
- F. Execution - This Agreement may be executed in one or more counterparts, all of which taken together will constitute one and the same instrument.
- G. Benefit - The Parties agree that this Agreement is for the sole benefit of the Parties hereto and is not intended to confer any rights or benefits on any third party, including any customer of either Party, and there are no third party beneficiaries to this Agreement or any part or specific provision of this Agreement.
- H. Survivorship - Sections VI, VIII, and IX shall survive termination or expiration of this Agreement.
- I. Entire Agreement - This Agreement constitutes the entire agreement between the Parties and supersedes all prior oral or written agreements, representations, statements, negotiations, understandings, and proposals with respect to the subject matter hereof.

IN WITNESS WHEREOF, the Parties hereto have caused this Agreement to be executed by their respective duly authorized representatives.

SPRINT ELECTRONIC INTERFACE PLAN
Exhibit 2

Sprint consistently has supported the necessity for industry standards for reasons of cost, efficiency, and competitive neutrality in speed to market. Although Sprint is working now on the basis of preliminary outputs from the OBF, significant efforts are required to define the data elements and develop infrastructure to capture those elements in Sprint's disparate legacy systems to enable electronic interfaces.

Pre-Ordering

- Sprint will implement an electronic interface for pre-ordering information within 12 months of industry standards being developed. Absent finalized industry standards by 3/1/97, Sprint will work with CLEC to jointly develop a mutually agreeable electronic interface plan. Sprint will implement the interface no later than 12 months after the companies mutually agree on a development plan. Any cost associated with CLEC specific requirements included within the interface plan that are above and beyond industry standards will be the responsibility of CLEC. Sprint will provide a cost estimate as part of the plan development.
- Sprint is open to suggestions on interim solutions.
 - ⇒ Sprint will provide telephone number assignment, due date assignment, and features available via a toll free number within 30 days of the effective date.
 - ⇒ Sprint will provide a magnetic tape per industry standards (NENA MSAG) on a monthly basis within 30 days of the effective date.

Ordering

- Sprint will implement OBF industry standards related to the Local Service Request via EDI. The issues resolved at the October, 1996 OBF will be implemented by 7/1/97. Issues resolved in future OBFs will be implemented as soon as development efforts allow but no later than 12 months from finalization.

Trouble Administration

- Sprint will implement T.227 and T.228 standards for local use by 12/31/97.

Billing

- Sprint will implement industry billing requirements within the OBF implementation window. BOS 28 is anticipated to be implemented on 9/1/97 but no later than 12/1/97. Certain elements may be billed by Sprint's end-user billing system or non-standard CASS billing.

Usage

- Sprint will provide usage data per OBF standards by 7/1/97

ATTACHMENT A

Provision of Subscriber Usage Data in EMR Format

This Section sets forth the terms and conditions for Sprint's provision of Recorded Usage Data to CLEC.

Provisioned subscriber usage data (messages) will be rated with a Zero (Ø) rate with the exception of 976/N11 information service calls and alternate billed calls which will be rated at the same rates as would be applicable to Sprint customers making similar calls.

Provision of Subscriber Usage Data involves providing an output file from the Sprint LMP (Local Message Processing) system of EMR formatted message detail for calls made over resold lines or that utilize Sprint LTD switching.

These messages include:

- Sprint Provided Toll and Operator messages billable to a CLEC
- Sprint Provided Directory Assistance
- LMS(Local Measured Service) on the CLEC's resold customers with LMS service.
- CLASS usage (when available): Call return, remote call forwarding, call trace, repeat dial, 3-way calling (Note: these messages are scheduled to be available early 3Q97)
- Sprint Provided Directory Assistance Call Completion records.
- Customer Name and Address look up records (Nevada and Illinois only)

Dropped Records will not be included:

- Busies
- Incomplete calls
- and other free calls such as Intra Municipal calls; police , sheriff ,fire, ambulance, county offices, or calls to telephone company/utility business offices dictated as free calls by the commission.
- Messages on access lines that are subscribed to flat rate alternative toll service such as flat rate extended area calling.

Application of Rate Elements

The following charges are applicable to message detail provisioned to CLEC by Sprint.

- Message Provisioning - This rate element is applicable to all records. This rate element provides for the effort to extract CLEC specific records from all other records and guide them to a data output medium.

ATTACHMENT A

- Data Transmission - This rate element is applicable to all records distributed to CLEC via a data transmission medium, usually CONNECT DIRECT NETWORK (CDN). It recovers Sprint's cost of CDN Software, Equipment, and the file monitoring group.
- Tape Charges - These are applicable for each physical tape distributed to a CLEC. Sprint may use at its discretion, new or recycled tapes. The rate includes Air Express delivery via Sprint's contracted carrier.

RATES

The following are the rate fees for each rate element described above depending on whether the tape is provided for a Sprint/United or Sprint/Centel company.

	<u>Sprint</u>
Message Provisioning	\$.005 per msg
Data Transmission	\$.002 per msg
Tape Charge	\$50.00 per tape

Other Terms and Conditions

CLEC shall designate to Sprint, in writing, the location to which Sprint shall provide any requested Recorded Usage Data and a point contact at that location.

Sprint and CLEC shall each establish a Local Carrier Service Center or similar function to serve as the single point of contact to respond to CLEC call usage, data error, and record transmission inquiries.

Sprint may bill charges for provision of Recorded Usage Data on a separate bill to CLEC. CLEC shall pay such bill in accordance with the terms and conditions set forth in section III.B of this agreement.

Lost Data

CLEC Usage Data determined to have been lost, damaged or destroyed as a result of an error or omission by Sprint in its performance of the recording function shall be recovered by Sprint at no charge to CLEC. In the event the data cannot be recovered by Sprint, Sprint shall estimate the messages and associated revenue with assistance from CLEC based upon the method described below. This method shall be applied on a consistent basis, subject to modifications agreed to by Sprint and CLEC. This estimate shall be used to reduce amounts CLEC owes Sprint for services Sprint provides in conjunctions with the provision of Recorded Usage Data.

Partial Loss - Sprint shall review its daily controls to determine if data has been lost. When there has been a partial loss, actual message and minute volumes shall be reported, if possible through recovery as discussed above. Where actual data are not available, a full day shall be estimated for the recording entity, as outlined in the following

ATTACHMENT A

paragraphs. The amount of the partial loss is then determined by subtracting the data actually recorded for such day from the estimated total for such day.

Complete Loss - When Sprint is unable to recover data as discussed above, estimated message and minute volumes for each loss consisting of an entire AMA tape or entire data volume due to its loss prior to or during processing, lost after receipt, degaussed before processing, receipt of a blank or unreadable tape, or lost for other causes, shall be reported.

Estimated Volumes - From message and minute volume reports for the entity experiencing the loss, Sprint shall secure message/minute counts for the four (4) corresponding days of the weeks preceding that in which the loss occurred and compute an average of these volumes. Sprint shall apply the appropriate average revenue per message ("arpm") agreed to by CLEC and Sprint to the estimated message volume for messages for which usage charges apply to the subscriber to arrive at the estimated lost revenue.

If the day of loss is not a holiday but one (1) (or more) of the preceding corresponding days is a holiday, use additional preceding weeks in order to procure volumes for two (2) non-holidays in the previous two (2) weeks that correspond to the day of the week that is the day of the loss

If the loss occurs on a weekday that is a holiday (except Christmas & Mothers day), Sprint shall use volumes from the two (2) preceding Sundays.

If the loss occurs on Mother's Day or Christmas day, Sprint shall use volumes from that day in the preceding year multiplied by a growth factor derived from an average of CLEC's most recent three (3) month message volume growth. If a previous year's message volumes are not available, a settlement shall be negotiated.

All settlements shall be paid within 30 days of the establishment of the settlement amount via a separate payment to CLEC.

CLEC may also request data be provided that has previously been successfully provided by Sprint to CLEC. Sprint shall re-provide such data, if available, at CLEC's expense.

Testing, Changes and Controls

The Recorded Usage Data, EMR format, content, and transmission process shall be tested as agreed upon by CLEC and Sprint.

Interface Testing: The purpose of this test is to ensure that the usage records can be sent by Sprint to CLEC and can be accepted and processed by CLEC. Sprint shall provide a test file to CLEC's designated Regional Processing Center (RPC) in the format that shall be used for live day-to-day processing. The file shall contain all potential call types.

ATTACHMENT A

CLEC shall review the file and verify that it conforms to its data center requirements. CLEC shall notify Sprint in writing whether the format is acceptable. CLEC shall also provide Sprint with the agreed-upon control reports as part of this test.

Operational Test: The purpose of this test is to ensure that volumes of usage in consecutive sequence can be extracted, distributed, and processed by Sprint and CLEC.

For testing purposes Sprint shall provide CLEC with Sprint recorded, unrated usage for a minimum of five (5) consecutive days. CLEC shall provide Sprint with the message validation reports associated with test usage.

Test File: Test data should be transported via CONNECT DIRECT NETWORK (CDN) whenever possible. In the event that courier service must be used to transport test media, the physical tape characteristics to be used are described in this Agreement.

Periodic Review: Control procedures for all usage transferred between Sprint and CLEC shall require periodic review. This review may be included as part of an Audit of Sprint by CLEC or as part of the normal production interface management function. Breakdowns which impact the flow of usage between Sprint and CLEC must be identified and jointly resolved as they occur. The resolution may include changes to control procedures so similar problems would be avoided in the future. Any changes to control procedures would need to be mutually agreed upon by CLEC and Sprint.

Sprint Initiated Software Changes

When Sprint plans to introduce any software changes which impact the format or content structure of the usage data feed to CLEC, designated Sprint personnel shall notify CLEC no less than ninety (90) calendar days before such changes are implemented.

Sprint shall communicate the projected changes to CLEC's single point of contact so that potential impacts on CLEC processing can be determined.

CLEC personnel shall review the impact of the change on the entire control structure and the Post Conversion Test Plan, herein. CLEC shall negotiate any perceived problems with Sprint and shall arrange to have the data tested utilizing the modified software.

If it is necessary for Sprint to request changes in the schedule, content or format of usage data transmitted to CLEC, Sprint shall notify CLEC.

CLEC Requested/Initiated Changes

CLEC may negotiate changes in the schedule, content, format of the usage data transmitted from Sprint.

ATTACHMENT A

When the negotiated changes are to be implemented, CLEC and/or Sprint shall arrange for testing of the modified data in a Post Conversion Test Plan designed to encompass all types of changes to the usage data transferred by Sprint to CLEC and the methods of transmission for that data.

Sprint System Change Description:

For a Sprint system change, Sprint shall provide CLEC with an overall description of the change, stating the objective and a brief explanation of the reasons for the change.

During the initial negotiations regarding the change, Sprint shall provide a list of the specific records and/or processes impacted by the change to designated CLEC personnel.

Sprint shall also provide CLEC a detailed description of the changes to be implemented. It shall include sufficient detail for designated CLEC personnel to analyze and estimate the effects of the changes and to design tests to verify the accuracy of the implementation.

Change Negotiations:

CLEC shall be notified in writing of proposed change negotiations initiated by Sprint. In turn, CLEC shall notify Sprint in writing of proposed change negotiations initiated by CLEC.

After formal notification of planned changes, whether originated by Sprint or CLEC, designated CLEC personnel shall schedule negotiation meetings as required with designated Sprint personnel.

Changes to controls:

CLEC and Sprint may negotiate changes to the control structure.
Sprint and CLEC shall comply with the agreed upon changes.

Verification Of Changes

Based on the detailed description of changes furnished by the party initiating the change, the parties shall negotiate:

- The type of change(s) to be implemented.
- Development of a comprehensive test plan.
- Scheduling and transfer of modified data with Sprint
- Testing of modified data with the appropriate CLEC point of contact.
- Processing of verified data through the CLEC billing system with the CLEC point of contact.
- Review and verification of testing with appropriate CLEC groups.
- Review of modified controls, if applicable.

ATTACHMENT A

Introduction of Changes:

When all the testing requirements have been met and the results reviewed and accepted, designated CLEC and Sprint personnel shall mutually agree on an implementation schedule:

Information Exchange and Interfaces

Core Billing Information

Recorded Usage Data all intraLATA toll and local usage. Sprint shall provide CLEC with unrated EMR records associated with all intraLATA toll and local usage which they record on CLEC's behalf, with the exception of 976/N11 information service messages, Alternate Billed Services and any dropped messages. Any Category, Group and/or Record types approved in the future for Sprint shall be included if they fall within the definition of local service resale. CLEC shall normally be given notification at least thirty (30) days prior to implementation of a new type, category and / or record

CLEC and Sprint shall agree upon the types of rated EMR records that Sprint shall send to CLEC.

All messages recorded for CLEC subscribers by Sprint are to be transmitted to CLEC.

Data Delivery Schedules: Data shall be delivered to CLEC by Sprint on a daily schedule (business days) as agreed to by CLEC and Sprint unless otherwise negotiated based on Sprint's operational processes. CLEC and/or Sprint data center holidays are excluded. Sprint and CLEC shall exchange schedules of designated data center holidays.

Product/Service Specific

Sprint shall provide a 42-50-01 Miscellaneous Charge record Specialized Service / Service Provider Charge record to support the Special Features Star Services when these features are part of Sprint's offering and are available in Sprint's systems.

Emergency Information

Sprint shall provide the transport facility for transmitting usage and billing data between the Sprint location and the CLEC location. Sprint shall transmit via CONNECT DIRECT NETWORK (CDN) whenever possible. In the event usage transfer cannot be accommodated by CONNECT DIRECT NETWORK (CDN) because of extended (one (1) business day or longer) facility outages, Sprint shall contract for a courier service to transport the data via tape.

ATTACHMENT A

Sprint shall comply with the following standards when data is transported to CLEC on tape or cartridge via a courier. The data shall be in variable block:

Tape: 9-track, 6250 (or 1600) BPI (Bytes per inch)
Cartridge: 38,000 BPI (Bytes per inch)
LRECL: 2,472 Bytes
Parity: Odd
Character Set: Extended Binary Coded Decimal Interchange Code (EBCDIC)
External labels: Exchange Carrier Name, Dataset Name (DSN) and volume serial number
Internal labels: IBM Industry OS labels shall be used. They consist of a single volume label and two sets of header and trailer labels.

Rejected Recorded Usage Data

Upon agreement between CLEC and Sprint messages that cannot be rated and/or billed by CLEC may be returned to Sprint via CONNECT DIRECT NETWORK (CDN). Returned messages shall be sent directly to Sprint in EMR format. Standard EMR return codes shall be utilized.

Rejected messages or invoices shall be returned to CLEC in accordance with procedures and timeframes already established between Sprint and CLEC.

Sprint can correct and return messages to the CLEC.

CLEC agrees to not return any message after 30 days of receipt.

CLEC will not return a message they have returned once, and Sprint has investigated and deemed billable by the CLEC and re-sent to CLEC.

Sprint assumes liability only for the errors and unguidables it causes.

Interfaces

Upon establishment of CONNECT DIRECT NETWORK (CDN) connections and suitable testing, Sprint shall transmit formatted Recorded Usage Data to CLEC via CONNECT DIRECT NETWORK (CDN) as designated by CLEC.

CLEC shall notify Sprint of resend requirements if a pack or entire dataset must be replaced due to pack rejection, damage in transit, dataset name failure, etc.

Critical edit failure on the Pack Header or Pack Trailer records shall result in pack rejection (e.g., detail record count not equal to grand total included in the pack trailer).

ATTACHMENT A

Notification of pack rejection shall be made by CLEC within one (1) business day of processing. CLEC shall provide to Sprint its list of critical edits, and once the edits have been agreed to in writing by Sprint, rejected packs will be corrected by Sprint and retransmitted to CLEC within twenty-four (24) hours or within an alternate timeframe negotiated on a case by case basis.

A pack shall contain a minimum of one message record or a maximum of 9,999 message records (or the approved OBF standard) plus a pack header record and a pack trailer record. A file transmission contains a maximum of 99 packs. A dataset shall contain a minimum of one pack. Sprint shall provide CLEC one dataset per sending location, with the agreed upon RAO/OCN populated in the Header and Trailer records.

Formats & Characteristics

Rated in collect messages can be intermingled with the unrated messages. No special packing is needed.

EMR: Sprint shall provide Recorded Usage Data in the EMR format and by category, group and record type, and shall be transmitted, via a direct feed, to CLEC. The following is a list of EMR records that CLEC can expect to receive from Sprint:

Detail Records *

01-01-01, 06, 08, 09, 14, 17, 18, 31, 32, 35, 37, 80, 81, 82

10-01-01, 06, 08, 09, 14, 17, 18, 31, 32, 35, 37, 80, 81, 82

* Category 01 is utilized for Rated Messages; Category 10 is utilized for Unrated Messages. Category 10 records are to have indicator 13 populated with a value of 5.

Upon modification of Sprint's process to allow for providing the newly defined industry standard Header Record 20-24-01 and Trailer Record 20-24-02, Sprint

ATTACHMENT A

shall use its interim Header and Trailer records as defined to CLEC which are derivative of the 20-20-01 Header Record and the 20-20-02 Trailer Record. Sprint shall comply with the most current version of Bellcore standard practice guidelines for formatting EMR records with the exception noted above.

The file's Record Format (RECFM) shall be Variable Block or fixed as negotiated, Size and the Logical Record Length (LRECL) shall be as specified by CLEC.

Sprint may elect not to comply with specific sorting requirements. However, CLEC may elect to negotiate with Sprint to sort PACKS in accordance with CLEC specifications at a later date.

Sprint shall transmit the usage to CLEC using dataset naming conventions prescribed by CLEC.

Controls

Sprint proposes the paragraph read:

CLEC and Sprint shall jointly test and certify the CONNECT DIRECT NETWORK (CDN) interface to ensure the accurate transmission and receipt of Recorded Usage Data.

Until Sprint implements the newly defined industry standard Header and Trailer records, Header and Trailer records shall be populated as follows:

Position
CLEC OCN - value

The trailer grand total record count shall be populated with total records in pack (excluding header & trailer).

Control Reports: CLEC accepts input data provided by Sprint in EMR format in accordance with the requirements and specifications detailed in this Section 8 of the Attachment III. In order to ensure the overall integrity of the usage being transmitted from Sprint to CLEC, data transfer control reports shall be required. These reports shall be provided by CLEC on an electronic basis, unless negotiated otherwise, to Sprint on a daily or otherwise negotiated basis and will reflect the results of the processing for each pack transmitted by Sprint.

Control Reports - Distribution: Since Sprint is not receiving control reports, dataset names shall be established during detailed negotiations.

ATTACHMENT A

Message Validation Reports: CLEC shall provide the following once(1) per day (or as otherwise negotiated) Message Validation reports to the designated Sprint System Control Coordinator. These reports shall be provided for all data received within Sprint Local Resale Feed and shall be transmitted Monday through Friday.

Incollect Pack Processing: This report provides vital statistics and control totals for packs rejected and accepted and dropped messages. The information is provided in the following report formats and control levels:

Sprint Name
Reseller Total Messages processed in a pack
Packs processed shall reflect the number of messages initially erred and accepted within a pack
Reseller Total Packs processed
Sprint agrees to provide CLEC information on a subscriber's selection of billing method, special language billing, and other billing options at parity with information maintained for Sprint subscribers.

Interim Number Portability - Recording and Billing

Sprint shall provide CLEC with accurate billing and Customer Subscriber Account Record Exchange data for CLEC subscribers whose numbers have been ported.

Sprint shall provide CLEC call detail records identified for IXC which are sufficient to allow CLEC to render bills to IXCs for calls IXCs place to ported numbers in the Sprint network which the Sprint forwards to CLEC for termination.

Standards

When requested by CLEC for security purposes, Sprint will use its best efforts to expeditiously provide CLEC with Recorded Usage Data. If not available in EMR format, the Recorded Usage Data may be provided in AMA format.

Sprint shall include the Working Telephone Number (WTN) of the call originator on each EMR call record.

End user subscriber usage records and station level detail records shall be in packs in accordance with EMR standards.
