SECTION 1 - DEFINITION OF TERMS AND ABBREVIATIONS

Access Line - A facility arrangement which connects Customer's or End User's location to Carrier's network switching center.

Account Code - A series of digits entered by End User to associate a call with a particular department, cost center, or client. A non-verified Account Code shall be accepted if it contains the proper number of digits. A verified Account Code shall only be accepted if it can be matched with a number on the list of valid Account Codes provided by End User.

Aggregator - The person, firm, corporation or other entity that, in the normal course of its operations, makes telephones available to the public for operator assisted calling. The Aggregator is responsible for compliance with applicable terms of the Company's tariff.

Authorization Code - A numerical code, one or more of which are available to Customer's End Users to enable them to access Carrier's network, and which are used by Carrier both to prevent unauthorized access to its facilities and to identify End Users for billing purposes.

Carrier - IXC Communications Services, Inc. (T)

Casual Calling- Access to Carrier's network and the subsequent use of Service by an End User Customer through the dialing of an access code in the format of 10XXX or 101XXXX, where the three (3) digits or the four (4) digits represented by the "X" are the unique Carrier Identification Code (CIC) assigned to Carrier.

Commission - The Florida Public Service Commission

Consumer - A natural person or legal entity which initiates any telephone call using operator services.

Conversation Minutes - For billing purposes calls are billed based on Conversation Minutes, which begin when the called party answers, as determined by answer supervision, and end when either party disconnects.
