 RE : Special Project No. 980000A-SP - Clarification of Requirements for Public Library Filing

This is to clarify the items to be included in the materials filed in the public libraries by August 15, 1998.

Regarding information to be filed in the libraries from the AFAD portion of the Staff data request, we asked that responses to question 1 be filed. While my previous memo stated that filing of the remainder of the AFAD data request is optional, this applies is only if other cost data has been filed. If the only cost data filed was in response to the AFAD request, please place it in the public libraries and provide an executive summary of the cost portion of the information. As noted in my memo of August 12, 1998, please also file the executive summary on diskette in WordPerfect 6.1 with the Division of Records and Reporting.

I apologize for the confusion on this issue. If you have any further questions about the filing in the public libraries, please contact Anne Marsh at (850) 413-6554, or Beth Keating at (850) 413-6212.
