Dear Sirs:

Ref. Universal Connectivity
charge
(a monthly charge) what
nept. ??

We pay a yearly school tax to
handle all charges.

We pay a yearly tax to the
county & local townships to handle all
charges.

How many tax payers can't
afford to pay money for internet charges
let alone own a computer ??

If all the money they receive was
used wisely this charge would not
be necessary.

Respectfully

The "Universal Connectivity Charge" that appears on your bill is being assessed as a monthly fee of \$0.93 per account instead of the previously announced 5% monthly charge. This fee supports the extended Universal Service Fund, which now not only helps provide affordable telephone service but also gives schools and libraries access to the Internet. The FCC has also reduced the fees AT&T pays local phone companies to connect toll calls. That's one reason our prices for long distance service have continued to come down over the last decade. For information, call 1 800 532-2021.
