Study on Fair Rates (No. 980000A-5D)

In response to your request for comments on fair and reasonable Florida residential basic local telecommunications service rates, please be informed that I strongly object the 3.5th FCC charge for interstate toll access as I only make one to two toll calls per month. Also I object to the universal connectivity charge of 93¢ and carrier line charge of 85¢. My property taxes, school taxes and sales taxes provide funds for schools, libraries and are unaffordable. There is reason for these charges.

Yours truly

Henry J. Caplicki
