ORIGINAL

Study on Fair Rates (No. 980000A-SP)  
Division of Records & Reporting  
2540 Shumard Oak Boulevard  
Tallahassee, FL 322399 - 0850

TO WHOM IT MAY CONCERN:

In accordance with your enclosed invitation to attend a Public Hearing on Florida Legislative Bill 4785 (98-277 Laws of Florida), it will be most inconvenient for this elder retiree to attend any one of the sessions on anyone of the scheduled days.

Therefore to implant several thoughts, I have taken advantage of your offer to write thusly:

(1) See enclosure about charges for incomplete calls.

(2) In some of your competitive advertising via TV and other media, you indicate long distance calls at 10¢ a minute. I note that minimal calls are charged at 15¢ ??????

You are referred to my billing of 10 August 1998 for (352) 382 - 3357.

Your response following your several meetings and examination by your Study Committee will be most appreciated. However, if your policies are now in accord, earlier response will be helpful.
