

ORIGINAL

To the FISC,

980000A

Please don't drop the flat rate on the phone bill. Being a senior its the only thing we can afford outside of our phone.

I know I speak for all seniors. I have now dropped all utilities I can to the basic. Cable etc. Next it will be off because I can't afford anymore raises.

Thank you for being to my side

R. M. Czopek
