Worldwide Telecommunications & Services, Ltd. (TJ099)
Certificate No. 5673, Effective 07/14/98

- 07/14/98 Worldwide's IXC certificate became effective.
- 07/17/98 Staff mailed Worldwide's original tariff.
- 07/29/98 The USPS returned the tariff stamped "Moved Left No Address", "Unable to Forward", and "Return to Sender."
- 08/21/98 Called the telephone number listed in MCD, 561-434-2911, and received a recording (answering machine). The recording did not identify that the number belonged to a business, it just stated that no one was available to come to the phone I left a message asking that someone return my call.
- I then called the fax number listed in MCD, 561-434-1585, and received a recording advising that the number had been disconnected.
- 08/24/98 No one from 561-434-2911 called. I called Directory Assistance and was provided telephone number 561-434-4911. I called that number and received a recording advising that the number had been disconnected.
