Dear Sir:

I can not conveniently attend a hearing on the fair rates for telephone service. As a part time resident of Florida I choose to pay for six months of "vacation" rates to retain a telephone number. However, I believe that NETWORK ACCESS CHARGE, UNIVERSAL CONNECTIVITY CHARGE AND CARRIER LINE CHARGE, when the line is not connected for 6 months, is not correct nor reasonable.

These rates may be mandated by the FCC, but this does not make them acceptable when the line is inactive.

Please record my protest as part of your hearing record.

Sincerely,

Robert J. Zimmerman
