Tommy, have you had a chance to look at this company's name? (Did anyone contact you when ag was being prepared?) Do you have something to indicate the name should include "Inc."? Kay

Please ask the applicant to provide documentation for the record. All we have is the application itself, where they indicated "Public Telephone Network" was the company name.

Kay, if you look in both applications they give the same Sec. of State corporate charter numbers (page 4 in both applications). They are the same company.

I know. But the application has "Public Telephone Network" as the name. How do we know they want their ALEC cert name to include "Inc."?

Well, that is what is on their tariff and price list and John Marks just sent me revisions with the same names on them.

And you did point out to him the discrepancy--that the application has the name without "Inc." while the price list has "Inc."--and also got his word that the A application name should have included "Inc."? (Your friend, Kay)
