

FLORIDA PUBLIC SERVICE COMMISSION

21B

VOTE SHEET

SEPTEMBER 22, 1998

RE: DOCKET NO. 971058-TP - Request for review of proposed numbering plan relief for 305 area code.

Issue 1: Should the Commission grant SecurityLink's Emergency Request for Extension of Permissive Dialing period until November 1, 1998?

Recommendation: Yes. The Commission should grant SecurityLink's request for extension of permissive dialing period pursuant to Section 120.569(2)(1), Florida Statutes, until November 1, 1998 for alarm companies only. SecurityLink should be required to notify all of its customers, who have not been converted as of September 22, 1998, of the necessity of making the conversion. Specifically, SecurityLink should send customers notice indicating the company's failure to make the needed conversions in a timely manner, the new November 1, 1998 deadline, and the ramifications of missing the November 1, 1998 deadline. This notice should be provided to staff for its review and approval by September 25, 1998. After staff's approval, this notice should be mailed to all customers by October 1, 1998.

**MODIFIED** *Approved with modification that notice will indicate "company's inability" rather than "company's failure"*
