Dear Director:

Please direct your attention to my correspondence dated September 15, 1998 and note the following amendment.

My letter was originally intended as an objection, however, after speaking with Carol from your office and, in addition, checking the internet web site that pertains to the Florida Public Service Commission; I amend my correspondence as follows:

I am gravely concerned about the items #1-6 related in my letter of the 15th and if certification by the Florida Public Service Commission will result in a remedy to these problems then I support the certification of specifically New River Ranch, L.C.

Very sincerely,

Dianne
