RE: DOCKET NO. 980800-TP - PETITION FOR EMERGENCY RELIEF BY SUPRA TELECOMMUNICATIONS & INFORMATION SYSTEMS AGAINST BELL SOUTH TELECOMMUNICATIONS, INC., CONCERNING COLLOCATION AND INTERCONNECTION AGREEMENTS.

Staff requests permission to place an additional recommendation on the October 6, 1998, Agenda Conference schedule. A procedural issue has arisen in this docket. The ultimate decision on this issue will determine whether the case proceeds to its currently scheduled hearing on October 21, 1998, or is postponed. Oral argument was held on September 21, 1998, before the panel assigned to this case. In view of the nature of the question to be decided, the panel decided that it would be most appropriate for staff to prepare a written recommendation on this matter for consideration at the earliest possible agenda conference. Staff believes that it would be very beneficial to take this recommendation up at the October 6, 1998 agenda conference.

If staff's request is approved, staff is prepared to file its recommendation today, September 29, 1998.
