DIRECT TESTIMONY OF BRIAN P. ARMSTRONG
BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION
ON BEHALF OF
FLORIDA WATER SERVICES CORPORATION
CONSOLIDATED DOCKETS NOS. 980261-WS & 970657-WS

DOCUMENT NUMBER-DATE

10876 OCT-5 88

FPSC RECORDS/REPORTING

1 Q. WHAT IS YOUR NAME AND BUSINESS ADDRESS?
2 A. My name is Brian P. Armstrong and my business
3 address is 1000 Color Place, Apopka, Florida 32703.
4 Q. WHAT IS YOUR POSITION WITH FLORIDA WATER SERVICES
5 CORPORATION?
6 A. My position is Vice President - Legal and General
7 Counsel for Florida Water Services Corporation
8 ("Florida Water").
9 Q. WHAT IS YOUR EDUCATIONAL BACKGROUND AND WORK
10 EXPERIENCE?
11 A. I am a graduate of Georgetown University Law Center
12 where I received a Juris Doctor degree in 1984. I
13 received a Bachelor of Arts degree from St. John's
14 University in 1981. Prior to holding my current
15 position with Florida Water, I was employed by
16 Cullen & Dykman in New York from 1984 to 1991 as an
17 attorney concentrating in matters for utility
18 clients.
19 Q. WHAT ARE YOUR PRESENT DUTIES AS VICE PRESIDENT -
20 LEGAL AND GENERAL COUNSEL?
21 A. I am responsible for all legal matters at Florida
22 Water.
23 Q. WHAT IS THE PURPOSE OF YOUR TESTIMONY IN THIS
24 PROCEEDING?

1 A. My testimony has two basic purposes: (1) sponsor
2 and support the application for a water and
3 wastewater territory amendment in Charlotte County
4 that Florida Water filed with the Commission on
5 February 18, 1998 and (2) dispel the position
6 expressed by Charlotte County, which I will refer
7 to as "the County," regarding Florida Water's bulk
8 water and wastewater services agreement with the
9 County.

10 **Q. IS THE APPLICATION FOR TERRITORY AMENDMENT YOU**
11 **REFERRED TO ATTACHED AS AN EXHIBIT TO YOUR DIRECT**
12 **TESTIMONY?**

13 A. Yes, it is attached and marked for identification
14 as Exhibit (___) BPA-1. It should be noted that
15 since filing the application on February 18,
16 Florida Water filed amendments to certain exhibits
17 and filed revised, substitute pages to other
18 exhibits. The attached is a consolidation of the
19 original and subsequent filings such that original
20 and amended exhibit pages are included and, in the
21 case of revised pages, only the substitute, revised
22 pages appear. Further, it should be noted that the
23 territory and system maps filed with the
24 application are not included in Exhibit (___) BPA-

1 1; however, two sets of those maps, as originally
2 filed and as amended, were filed with the
3 Commission as required by Commission rules.

4 **Q. WAS EXHIBIT (___) BPA-1 PREPARED BY YOU OR AT YOUR**
5 **DIRECTION AND CONTROL?**

6 A. Yes, the application was prepared at my direction
7 and under my control. It should be understood,
8 however, that the application represents an inter-
9 departmental effort. For example, the maps were
10 prepared by the Engineering Department, the legal
11 descriptions and certain technical exhibits were
12 prepared by the Corporate Development Department,
13 and so on. After preparation of the application, I
14 reviewed and signed it.

15 **Q. IS THE INFORMATION IN EXHIBIT (___) BPA-1 ACCURATE**
16 **AND CORRECT?**

17 A. To the best of my knowledge, yes it is.

18

19 **Q. IS IT IN THE PUBLIC INTEREST FOR THE COMMISSION TO**
20 **GRANT FLORIDA WATER'S APPLICATION AS REQUESTED IN**
21 **EXHIBIT (___) BPA-1?**

22 A. Yes. Moreover, it should be obvious to the
23 Commission that Florida Water's financial and
24 technical ability to provide service is superior to

1 that of Lake Suzy Utilities, Inc. ("Lake Suzy"), a
2 class "C" utility. As reflected in its 1997 PSC
3 annual report, Florida Water's total assets exceed
4 \$348 million, its total equity capital exceeds \$89
5 million, and its net operating income was over \$15
6 million. Florida Water is the largest investor-
7 owned water and wastewater utility in the state; it
8 has a staff of licensed operators, engineers,
9 accountants, and professionals qualified to provide
10 the technical expertise necessary to support safe,
11 adequate, reliable service to our customers. Lake
12 Suzy's technical and financial qualifications do
13 not even approach Florida Water's. It is in the
14 public interest for the Commission to grant Florida
15 Water rather than Lake Suzy the requested
16 territory.

17 **Q. DO YOU HAVE ANY COMMENTS ON THE OBJECTION FILED BY**
18 **THE COUNTY TO FLORIDA WATER'S APPLICATION?**

19 A. Yes. The County's objection, and subsequent
20 pleadings, argue that Florida Water lacks the
21 ability to provide service because the County, the
22 supplier of bulk water and wastewater treatment to
23 the Florida Water service area involved (Deep
24 Creek), may not allow Florida Water to make

1 additional connections due to alleged non-payment
2 of connection charges.
3 The County's claim that Florida Water owes the
4 County water and wastewater capacity charges is
5 false. Instead, the County owes Florida Water
6 reimbursement for overpayment of capacity charges.
7 The dispute between the parties stems from the
8 County's attempt to alter the parties' bulk sale
9 agreement which established the connection charges
10 Florida Water was to pay. Florida Water maintains
11 that the County has no power or right to
12 unilaterally amend the contract by resolution ,
13 ordinance or otherwise thereby increasing the
14 capacity charges or assess new charges. This is
15 particularly so in this case since, the increases
16 in connection charges must be attributable to the
17 higher than expected price the County was forced to
18 pay in a quick-take condemnation proceeding for the
19 former General Development Utilities' systems
20 (which were subject to the bulk agreement) and to
21 the County's utility decisions and practices. If
22 the County attempted to stop Florida Water from
23 making additional connections, Florida Water would
24 take immediate legal action against the County for

1 breach of contract, unjust enrichment, as well as
2 other causes of action, and would seek and obtain
3 an immediate injunction prohibiting the County from
4 interfering with Florida Water's making additional
5 connections. Therefore, the County's assertions do
6 not in any way detract from Florida Water's ability
7 to provide service to the additional territory.

8 **Q. DOES THAT CONCLUDE YOUR DIRECT TESTIMONY?**

9 **A. Yes, it does.**

Re: Docket No. _____-WS
Application for Amendment of Certificate Nos. 570-W and
496-S in Charlotte County by Florida Water Services Corporation

Dear Ms. Bayo:

Enclosed for filing is one original application as described above. Also enclosed are 15 copies of the application, along with two sets of maps, an original and two copies of the applicable tariff sheets, the original and two copies of the certificates and the required filing fee check in the amount of \$200 (\$100 for water and \$100 for wastewater).

In order to confirm filing of this application, please date-stamp the enclosed copy of this letter and return it to me in the stamped, self-addressed envelope which is provided for your convenience.

If you need any additional information or other assistance, please call me at (407) 880-0058, ext. 260. Thank you for your cooperation.

Sincerely,

Matthew J. Feil
Staff Attorney

Enclosures

PART II **NEED FOR SERVICE**

- A) Exhibit A - If the applicant is requesting an extension of territory, a statement regarding the need for service in the proposed territory, such as anticipated development in the proposed service area.
- B) Exhibit n/a - If the applicant is requesting a deletion of territory, a statement specifying the reasons for the proposed deletion, demonstrating that it is in the public interest and explaining the effect of the proposed deletion on the ability of any customer, or potential customer, to receive water and/or wastewater service, including alternative source(s) of service.
- C) Exhibit B - A statement that to the best of the applicant's knowledge, the provision of service will be consistent with the water and wastewater sections of the local comprehensive plan at the time the application is filed, as approved by the Department of Community Affairs, or, if not, a statement demonstrating why granting the amendment would be in the public interest.

PART III **SYSTEM INFORMATION**

A) **WATER**

- (1) Exhibit C - A statement describing the proposed type(s) of water service to be provided by the extension (i.e., potable, non-potable or both).
- (2) Exhibit D - A statement describing the capacity of the existing lines, the capacity of the existing treatment facilities, and the design capacity of the proposed extension.
- (3) Exhibit E - The numbers and dates of any construction or operating permits issued by the Department of Environmental Protection for the system proposed to be expanded.
- (4) Exhibit F - A description of the types of customers anticipated to be served by the extension, i.e., single family homes, mobile homes, duplexes, golf course, clubhouse, commercial, etc.
- (5) If the utility is requesting a deletion of territory, provide the number of current active connections within the territory to be deleted.

 not applicable

(6) Exhibit G - Evidence that the utility owns the land where the water facilities that will serve the proposed territory are, or will be, located. If the utility does not own the land, a copy of the agreement, such as a 99-year lease, which provides for the long-term continuous use of the land. The Commission may consider a written easement or other cost-effective alternative.

B) WASTEWATER

(1) Exhibit H - A statement describing the capacity of the existing lines, the capacity of the existing treatment and disposal facilities, and the design capacity of the proposed extension.

(2) Exhibit I - The numbers and dates of any construction or operating permits issued by the Department of Environmental Protection for the system proposed to be expanded.

(3) Exhibit n/a - If the utility is planning to build a new wastewater treatment plant, or upgrade an existing plant to serve the proposed territory, provide a written description of the proposed method(s) of effluent disposal.

(4) If (3) above does not include effluent disposal by means of reuse, provide a statement that describes with particularity the reasons for not using reuse.
n/a

(5) Exhibit J - A description of the types of customers anticipated to be served by the extension, i.e., single family homes, mobile homes, duplexes, golf course, clubhouse, commercial, etc.

(6) If the utility is requesting a deletion of territory, provide the number of current active connections within the territory to be deleted.
not applicable

(7) Exhibit K - Evidence that the utility owns the land where the wastewater facilities that will serve the proposed territory are, or will be, located. If the utility does not own the land, a copy of the agreement, such as a 99-year lease, which provides for the long-term continuous use of the land. The Commission may consider a written easement or other cost-effective alternative.

PART IV FINANCIAL AND TECHNICAL INFORMATION

- A) Exhibit L - A statement as to the applicant's technical and financial ability to render reasonably sufficient, adequate and efficient service.
- B) Exhibit M - A detailed statement regarding the proposed method of financing the construction, and the projected impact on the utility's capital structure.
- C) Provide the number of the most recent Commission order establishing or amending the applicant's rates and charges. Order No. PSC-96-1320-FOF-WS, issued October 30, 1996. This order is currently on appeal before the First District Court of Appeal.
- D) Exhibit N - A statement regarding the projected impact of the extension on the utility's monthly rates and service availability charges.

PART V TERRITORY DESCRIPTION AND MAPS**A) TERRITORY DESCRIPTION**

Exhibit O - An accurate description of the territory proposed to be added or deleted, using township, range and section references as specified in Rule 25-30.030(2), F.A.C. If the water and wastewater territory is different, provide separate descriptions.

B) TERRITORY MAPS

Exhibit P - One copy of an official county tax assessment map or other map showing township, range and section with a scale such as 1"=200' or 1"=400' on which the proposed territory to be added or deleted is plotted by use of metes and bounds or quarter sections and with a defined reference point of beginning. If the water and wastewater territory is different, provide separate maps.

C) SYSTEM MAPS

Exhibit Q - One copy of detailed map(s) showing proposed lines and facilities and the territory proposed to be served. Map(s) shall be of sufficient scale and detail to enable correlation with a description of the territory proposed to be served. Provide separate maps for water and wastewater systems.

PART VI NOTICE OF ACTUAL APPLICATION

A) Exhibit R - An affidavit that the notice of actual application was given in accordance with Section 367.045(1)(a), Florida Statutes, and Rule 25-30.030, Florida Administrative Code, by regular mail to the following:

- (1) the governing body of the municipality, county, or counties in which the system or the territory proposed to be served is located;
- (2) the privately owned water and wastewater utilities that hold a certificate granted by the Public Service Commission and are located within the county in which the territory proposed to be served is located;
- (3) if any portion of the proposed territory is within one mile of a county boundary, the utility shall notice the privately owned utilities located in the bordering counties that hold a certificate granted by the Commission;
- (4) the regional planning council;
- (5) the Office of Public Counsel;
- (6) the Public Service Commission's Director of Records and Reporting;
- (7) the appropriate regional office of the Department of Environmental Protection; and
- (8) the appropriate water management district.

Copies of the Notice and a list of entities noticed shall accompany the affidavit. THIS MAY BE A LATE-FILED EXHIBIT.

B) Exhibit S - An affidavit that the notice of actual application was given in accordance with Rule 25-30.030, Florida Administrative Code, by regular mail or personal delivery of each customer of the system. A copy of the notice shall accompany the affidavit. THIS MAY BE A LATE-FILED EXHIBIT.

C) Exhibit T - Immediately upon completion of publication, an affidavit that the notice of actual application was published once in a newspaper of general circulation in the territory in accordance with Rule 25-30.030, Florida Administrative Code. A copy of the proof of publication shall accompany the affidavit. THIS MAY BE A LATE-FILED EXHIBIT.

PART VII **FILING FEE**

Indicate the filing fee enclosed with the application:
\$ 100 (for water) and/or \$ 100 (for
wastewater).

Note: Pursuant to Rule 25-30.020, Florida Administrative Code, the amount of the filing fee is as follows:

- (1) For applications in which the area to be extended or deleted has the proposed capacity to serve up to 100 ERC's, the filing fee shall be \$100.
- (2) For applications in which the proposed area to be extended or deleted has the proposed capacity to serve from 101 to 200 ERCs, the filing fee shall be \$200.
- (3) For applications in which the area to be extended or deleted has the proposed capacity to serve from 201 to 500 ERCs, the filing fee shall be \$500.
- (4) For applications in which the area to be extended or deleted has the proposed capacity to serve from 501 to 2,000 ERCs, the filing fee shall be \$1,000.
- (5) For applications in which the area to be extended or deleted has the proposed capacity to serve from 2,001 to \$4,000 ERCs, the filing fee shall be \$1,750.
- (6) For applications in which the area to be extended or deleted has the proposed capacity to serve more than 4,000 ERCs, the filing fee shall be \$2,250.

PART VIII **TARIFF AND ANNUAL REPORTS**

- A) Exhibit U - An affidavit that the utility has tariffs and annual reports on file with the Commission
- B) Exhibit V - The original and two copies of proposed revisions to the utility's tariff(s) to incorporate the proposed change to the certificated territory. Please refer to Rules 25-9.009 and 25-9.010, Florida Administrative Code, regarding page numbering or tariff sheets before preparing tariff revisions. (The rules and sample tariff sheets are attached).

PART IX AFFIDAVIT

I, Brian P. Armstrong as General Counsel and Secretary of Florida Water Services Corporation (applicant) do solemnly swear or affirm that the facts stated in the foregoing application and all exhibits attached thereto are true and correct and that said statements of fact thereto constitute a complete statement of the matter to which it relates.

*If the applicant is a corporation, the affidavit must be made by the president or other officer authorized by the by-laws of the corporation to act for it. If the applicant is a partnership or association, a member of the organization authorized to make such affidavit shall execute same.

Exhibit A

If the applicant is requesting an extension of territory, a statement regarding the need for service in the proposed territory, such as anticipated development in the proposed service area.

A subdivision of approximately 50 lots is developing in the proposed addition, which is adjacent to Florida Water Services existing Deep Creek service area. Florida Water Services' water and wastewater lines are located adjacent to the lots on Kings Highway. The Company maintains it would be the best water and wastewater provider for the proposed addition based on proximity and other factors referenced herein.

Exhibit B

A statement that to the best of the applicant's knowledge, the provision of service will be consistent with the water and wastewater sections of the local comprehensive plan at the time the application is filed, as approved by the Department of Community Affairs, or, if not, a statement demonstrating why granting the amendment would be in the public interest,

Based upon a review of the water and wastewater sections of Charlotte County's Comprehensive Plan, Florida Water Services believes that, to the best of its knowledge, the provision of service to the proposed territory will be consistent with the water and wastewater section of the said plan. The provision of water and wastewater service by Florida Water Services to customers in the proposed territory addition will benefit the customers in the area. Florida Water Services' water and wastewater service lines are in close proximity to the proposed territory addition. Further, Florida Water Services has considerable expertise in providing safe and reliable water and wastewater service to the area. Lake Suzy Utilities, one possible water and wastewater provider in the area, has limited experience and inferior technical and financial abilities. Charlotte County Utilities ("CCU") is the only other possible service provider, but CCU must cross I-75 to provide service. While this is possible, it is highly expensive and would not be in the best interest of the community to be served.

Exhibit C

A statement describing the proposed type(s) of water service to be provided by the extension (i.e., potable, non-potable, or both).

The water service territory addition being proposed is for potable water services. Non-potable reuse service is not contemplated at this time, but may be provided at some undetermined future date.

Exhibit D

A statement describing the capacity of the existing lines, the capacity of the existing treatment facilities, and the design capacity of the proposed extension.

The existing water system consists of a well-looped grid of 12-inch, 10-inch, 8-inch, 6-inch, and 4-inch water mains. Water pressure typically averages 50 psi throughout the system.

Florida Water Services does not own treatment or withdrawal facilities in Deep Creek. Water is obtained from Charlotte County via an 8-inch and 10-inch interconnect. The agreement between Charlotte County and Florida Water Services allows for water and sewer service for up to 10,000 residential units. There are currently 3163 water meters in Deep Creek.

The Company's water lines and water supply can adequately serve the proposed 50 additional connections.

Exhibit E

The numbers and dates of any construction or operating permits issued by the Department of Environmental Protection for the system proposed to be expanded.

Florida Water Services' Deep Creek water system is not required to have operating or consumptive use permits since Florida Water Services does not own or operate any treatment or withdrawal plant associated with the system.

Currently, there are no construction permits issued for the system.

Exhibit F

A description of the types of customers anticipated to be served by the extension, i.e., single family homes, mobile homes, duplexes, golf course, clubhouse, commercial, etc.

It is anticipated that the additional water service territory will contain 50 single-family homes.

Exhibit G

Evidence that the utility owns the land where the water facilities that will serve the proposed territory are, or will be, located. If the utility does not own the land, a copy of the agreement, such as a 99-year lease, which provides for the long-term continuous use of the land. The Commission may consider a written easement or other cost-effective alternative.

Florida Water Services does not own or lease any land in the service area and does not operate any water withdrawal or treatment or wastewater treatment or effluent disposal facilities in the service area. Florida Water Services purchases its potable water from Charlotte County and sends its wastewater to Charlotte County for treatment.

Exhibit H

A statement describing the capacity of the existing lines, the capacity of the existing treatment and disposal facilities, and the design capacity of the proposed extension.

The existing wastewater lines have sufficient capacity to convey peak wastewater flows. The system consists of 12-inch, 10-inch, and 8-inch collecting mains. The system also includes 6-inch force mains and 26 lift stations.

Florida Water Services does not own wastewater treatment facilities in Deep Creek. All of the wastewater is conveyed to Charlotte County via an 8-inch force main. The agreement between Charlotte County and Florida Water Services allows for water and sewer service for up to 10,000 residential units. There are currently 3216 sewer customers in Deep Creek.

The wastewater lines and County wastewater facilities are adequate to serve the proposed 50 connections.

Exhibit I

The numbers and dates of any construction or operating permits issued by the Department of Environmental Protection for the system proposed to be expanded.

Florida Water Services' Deep Creek wastewater system is not required to have operating or disposal permits since Florida Water Services does not own or operate any treatment or disposal plant associated with the system.

Currently, there are no construction permits issued for the system.

Exhibit J

A description of the types of customers anticipated to be served by the extension, i.e., single family homes, mobile homes, duplexes, golf course, clubhouse, commercial, etc.

It is anticipated that the additional wastewater service territory will contain 50 single-family homes.

Exhibit K

Evidence that the utility owns the land where the water facilities that will serve the proposed territory are, or will be, located. If the utility does not own the land, a copy of the agreement, such as a 99-year lease, which provides for the long-term continuous use of the land. The Commission may consider a written easement or other cost-effective alternative.

Florida Water Services does not own or lease any land in the service area and does not operate any water withdrawal or treatment or wastewater treatment or effluent disposal facilities in the service area. Florida Water Services purchases its potable water from Charlotte County and sends its wastewater to Charlotte County for treatment.

Exhibit L

A statement as to the applicant's technical and financial ability to render reasonably sufficient, adequate and efficient service.

Florida Water Services has the requisite technical and financial ability to render service to the proposed amended territory. Florida Water Services has been regulated by the Commission since 1964 and currently owns and operates in 138 water and wastewater service territories throughout the state, 127 of which are under the Commission's regulatory authority. Florida Water Services has a staff of engineers, scientists, accountants, and other professionals based in its Orlando headquarters, as well as, licensed operators that operate and maintain facilities located throughout the state. Furthermore, Florida Water Services facilities are in substantial compliance with all applicable environmental regulations. At year-end 1996, Florida Water Services' capital structure consisted of more than \$212 million in total capital, including more than \$130 million in long-term debt and more than \$82 million in equity capital. The Commission has acknowledged the technical and financial ability of Florida Water Services Corporation in numerous proceedings, including transfers and amendments. In consideration of the foregoing, Florida Water Services submits that it has more than adequate technical and financial ability to render service to the proposed amended territory.

Exhibit M

A detailed statement regarding the proposed method of financing the construction, and the projected impact on the utility's capital structure.

The water and wastewater lines for development within proposed service territory additions are normally designed and constructed by the developer in accordance with Florida Water Services' standards and specifications and then donated to Florida Water Services. Florida Water Services' capital costs, if any, will be dispensed from capital projects budget and funded by capital project reserves (funds obtained pursuant to scheduled and existing financing) and/or accumulated operating fund reserves.

Development in the proposed territory will be undertaken in accordance with Florida Water Services' Commission approved service availability policy and the Commission's service availability rules.

Given the size of Florida Water Services' capital structure, the total projected financial impact of the known proposed developments on Florida Water Services' capital structure and overall contributions-in-aid-of-construction (CIAC) levels will be minimal.

Exhibit N

A statement regarding the projected impact of the extension on the utility's monthly rates and service availability charges.

The proposed amendment concerns the Deep Creek service area. Florida Water Services believes that the development of 50 single family homes within the proposed territory should have little if any effect on the current rates at Deep Creek. In future rate proceedings this additional service area may have the effect of decreasing rates because of higher CIAC levels and a larger customer base, absent other changes in rate base and expenses.

The impact of the extension on Florida Water Services' prospective service availability charges is negligible given the fact that this area's total potential build out is 50 single-family homes.

Exhibit O

An accurate description of the territory proposed to be added or deleted, using township, range, and section references as specified in Rule 25-30.030(2), F.A.C. If the water and wastewater territory is different, provide separate descriptions.

The territory proposed to be added is the same for both water and wastewater and is described as follows:

All in Township 40 South, Range 23 East, Charlotte County, Florida.

Section 6

All of the North 660 feet of Section 6 East of the East right of way of Interstate 75.

Amended Exhibit O

An accurate description of the territory proposed to be added or deleted, using township, range, and section references as specified in Rule 25-30.030(2), F.A.C. If the water and wastewater territory is different, provide separate descriptions.

The territory proposed to be added is the same for both water and wastewater and is described as follows:

All in Township 40 South, Range 23 East, Charlotte County, Florida.

Section 6

All of the North 660 feet of Section 6 East of the East right of way of Interstate 75.

The corrected territory proposed to be added is the same for both water and wastewater and is described as follows:

All in Township 40 South, Range 23 East, Charlotte County, Florida.

Section 6: All of the North 320 feet of the East 2,662 feet of Section 6.

Exhibit P

One copy of an official county tax assessment map or other map showing township, range, and section with a scale such as 1" = 200' or 1" = 400' on which the proposed territory to be added or deleted is plotted by use of metes and bounds or quarter sections and with a defined reference point of beginning. If the water and wastewater territory is different, provide separate maps.

The map required is provided as a separate attachment (Appendix P-1) to this package.

Amended Exhibit P

One copy of an official county tax assessment map or other map showing township, range, and section with a scale such as 1" = 200' or 1" = 400' on which the proposed territory to be added or deleted is plotted by use of metes and bounds or quarter sections and with a defined reference point of beginning. If the water and wastewater territory is different, provide separate maps.

The map required is provided as a separate attachment (Appendix P-1) to this package.

The revised map reflecting a reduction to the requested territory addition is provided as a separate attachment (Revised Appendix P-1) to this package.

Revised Exhibit R

An affidavit that the notice of actual application was given in accordance with Section 367.045(1)(a), Florida Statutes, and Rule 25-30.030, Florida Administrative Code, by regular mail.

Please see attached.

Please see the affidavit attached to this Revised Exhibit R, which should replace the Exhibit R originally filed on February 18, 1998.

Re: Charlotte County Certificate Amendment

Dear Mr. Redemann:

In accordance with the terms of the application for amendment of certificate, please forward to me a listing of the entities to be noticed pursuant to Section 367.045(1)(a), Florida Statutes, and Rule 25-30.030, Florida Administrative Code.

I have attached a legal description for the proposed water and wastewater territory addition in Charlotte County.

Please return the list via fax (407/880-1395) if possible.

If you should need any additional information in order to process this request, please call me at (407) 880-0058, ext. 267. Thank you for your assistance.

Sincerely,

A handwritten signature in black ink that reads "Donna Henry".

Exhibit S

An affidavit that the notice of actual application was given in accordance with Rule 25-30.030, Florida Administrative Code, by regular mail or personal delivery to each customer of the system. A copy of the notice shall accompany the affidavit.

Please see attached. Upon information and belief, Florida Water Services understands that Lake Suzy Utilities, Inc., is currently providing water service to one property within the proposed addition. That property has a street address of: 24358 Kingsway Circle, Arcadia, Florida 34266. According to the Charlotte County Property Appraiser's Office the mailing address for the owner of said property is: Robert B. and Sharon Helphenstine, Southwest Kingsway Circle, Arcadia, Florida 34266.

As there are no other customers in the proposed territory to be added and no "system" is in place, no other customers need be noticed in accordance with the rule.

NOTICE OF APPLICATION FOR AN EXTENSION OF SERVICE AREA

As a potential customer, you are hereby noticed on February 18, 1998, pursuant to Section 367.045, Florida Statutes, of the Application of Florida Water Services Corporation to amend its Water Certificate No. 570-W and Wastewater Certificate No. 496-S to add territory in Charlotte County, Florida, as follows:

CHARLOTTE COUNTY

DEEP CREEK -- PROPOSED ADDITION TO WATER
AND WASTEWATER SERVICE TERRITORY:

**All in Township 40 South, Range 23 East, Charlotte
County, Florida:**

Section 6

All of the North 660 feet of Section 6 East of the East right
of way of Interstate 75.

Any objection to the said application must be made in writing within thirty days from this date to: Director, Division of Records and Reporting, Florida Public Service Commission, 2540 Shumard Oak Boulevard, Tallahassee, Florida, 32399-0870. A copy of said objection should be mailed to the applicant whose address is: Florida Water Services Corporation, Attn: Matthew J. Feil, Esquire, P.O. Box 609520, Orlando, Florida 32860-9520.

An affidavit that the notice of actual application was given in accordance with Rule 25-30.030, Florida Administrative Code, by regular mail or personal delivery to each customer of the system. A copy of the notice shall accompany the affidavit.

As there are no other customers in the proposed territory to be added and no "system" is in place, no other customers need be noticed in accordance with the rule.

It has recently come to the attention of Florida Water Services that the persons listed in the attached Amended Appendix S-2 own property in the proposed service territory addition. Florida Water is not currently providing service to these properties and does not know whether Lake Suzy Utilities, Inc. currently provides service. However, in an abundance of caution, Florida Water Services has provided these property owners with notice as stated in the Affidavit attached hereto. Notice was sent by certified mail to Mr. & Mrs. Helphenstine on February 18, 1998, as stated in the original Exhibit S.
