You gave me this (from Linda Williams and Calvin Favors) to cancel this company's ALEC and IXC certificates. They were only certificated in May, so they will owe 1998 RAFs. Since the company is in receivership, do I just cancel at the company's request?

.....
I would. We won't collect even if we went forward with a fine.

.....
That's what I thought too. Another question. Normally the title states "request for cancellation of certificate number by..." and we put the company name. In this case, the receiver is requesting cancellation. Do I still put the company name or put the receiver's name on behalf of The Inside Edge?

.....
I believe it should be the company name and not put it on consent agenda. That way you can explain the circumstances and it will be clear that the receiver has the authority to cancel the certificate. I'll play lawyer here, but it is my understanding that the court can appoint a receiver to act as power of attorney for a company's affairs when in bankruptcy.

Hi Calvin. What did you find out about
these two dockets? Should we be
opening dockets to cancel TIE's cert?

Linda, please send a copy of the
letters from TIE to Rick Moses and he
will handle it from there. Thanks

Rick. Per Calvin's request here are the
