PRIVATE AREA LIGHTING

Available:

In all territory served by the Electric Department.

Applicable:

For automatic outdoor lighting of public and/or private areas.

Character of Service:

Dusk-to-dawn lighting service.

Limitation of Service:

Installations shall be made only when, in the judgement of the Department, location of the proposed fixture is, and will continue to be, easily and economically accessible to Department equipment and personnel for both construction and maintenance.

Net Per Month:

Existing Pole - Overhead Wire

Minimum Bill:

The minimum monthly bill shall be the sum of all charges under contract. The monthly charge includes the basic cost of electricity for the light.

Adjustments:

Fuel adjustment, as contained in Schedule BA-1
 Florida Gross Receipts and Regulatory Tax Adjustment, as contained in Schedule BA-2
 The fuel adjustment charge is applied to the estimated kWh consumed per fixture as indicated under the rate per month.

Payment:

Net bills are due when rendered and are payable within thirty (30) days thereafter.

Term of Service:

Service under this rate shall be for minimum initial term of three (3) years from the commencement of service, and shall continue thereafter until terminated by either party by written notice thirty (30) days prior to termination. During the initial term of this service, the customer may terminate such service by paying to the Department, in one lump sum, the total amount of charges which would be payable during the remainder of the initial term of service.

(Continued from Sheet No. 13.0.1)

Special Provisions:

1. When a pole has been set exclusively for a light the following additional monthly charge will be made:

30' Wood Pole	\$ 1.80	45' Commercial Spun Concrete	\$11.55
30' concrete pole (white)	\$ 3.20	35' Commercial Concrete	6.50
16' Aluminum	\$ 4.80	40' Commercial Concrete	9.90
14' Fiberglass Pole	\$ 6.95	45' Commercial Concrete	10.85
13' Decorative Concrete	\$ 8.45	50' Commercial Concrete	11.70

2. Commencing with the effective date of this rate schedule, mercury vapor fixtures will no longer be offered for new installations. Replacement of failed mercury vapor fixtures will be made with sodium vapor fixtures unless mercury vapor fixtures are available from existing Department stocks. Sodium vapor fixtures will be billed at the appropriate rate.

Special Provisions:

3. The Department will furnish, install and maintain approved street lighting luminaries and lamps and/or directional luminaries and lamps including integral automatic photocell controls, and will install same on existing Department owned poles. Installation will include one span of secondary wire, if necessary.
4. Damage to fixtures, lamps or equipment while in use on the customer's property will be replaced or repaired by the Department and such costs will be billed to the customer.
5. Underground wiring is available at extra cost to be determined by the Department.
6. Customer desiring service under this rate will be required to sign a contract with the Department.
7. Coachlight fixture installations will not be available on an individual basis, but will be limited to multiple installation at the discretion of the Department.
