BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In re: Application for amendment of Certificate No. 226-S to add territory in Seminole County by Florida Water Services Corporation.

DOCKET NO. 971638-SU  
FILED:

COMMISSION STAFF'S FIRST SET OF INTERROGATORIES TO  
FLORIDA WATER SERVICES CORPORATION

The Staff of the Florida Public Service Commission, by and through its undersigned attorney, hereby propounds the following interrogatories, numbered one through six, to the Florida Water Services Corporation (FWSC or utility), pursuant to Rule 1.340, Florida Rules of Civil Procedure. These interrogatories shall be answered under oath by the Florida Water Services Corporation or its agent who is qualified to answer and who shall be fully identified, within thirty (30) days.

INSTRUCTIONS

A. Unless otherwise specified, the following interrogatories refer to FWSC's Florida Central Commerce Park's Wastewater Treatment and Facilities, which would serve the proposed area in question in Docket No. 971638-SU.

B. FWSC shall answer these interrogatories to the fullest extent possible and shall furnish all information which is reasonably available to FWSC, its principals, agents, attorneys, affiliates or other representatives. FWSC may respond to an interrogatory by indicating that the requested information is reported on a specific schedule in the minimum filing requirements.

C. If FWSC cannot answer a particular interrogatory in full, after exercising due diligence to secure the information to do so, it should state the answer to the extent possible and specify why it is unable to answer the remainder. In addition, FWSC shall state whatever information or knowledge that it has concerning the unanswered portion.

D. If the requested information is not applicable, that response should be reported as well as the reason why. If the requested information is not available, that response should be reported as well as the reason why.

FPSC-RECORDS/REPORTING

COMMISSION STAFF'S FIRST SET OF INTERROGATORIES  
TO FLORIDA WATER SERVICES CORPORATION  
DOCKET NO. 971638-SU

E. Financial information is requested for the utility's parent organization(s), and, if possible, that information should coincide with the approved test period. The most recent financial period should be used if "test year" information is not available for the parent company.

F. If the utility is an operating division of a larger company, but separate records permit isolation of the subject utility system, the utility's response to these interrogatories may reflect such information. For example, cost of capital information for the utility may be on a divisional basis and similar information for the combined company will be reported under the heading "parent company." This adaptation should be disclosed in the utility's response.

G. Please report the name(s) of each person responding to each of the following interrogatories, the business address and telephone number of each such person, and the relationship of each person to FWSC. Also, identify which interrogatory each such person has answered.

H. If an interrogatory contained herein asks for information that has already been provided or is in the process of being provided to the Commission through a Commission audit, please so state, indicating the date provided and the audit document/record request number.

TO FLORIDA WATER SERVICES CORPORATION  
DOCKET NO. 971638-SU

5. Exhibit C of FWSC's amendment application states:

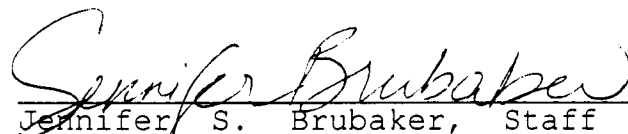

Based on the current flows and the estimated flow for the proposed territory, there should be sufficient capacity for the proposed expansion. However, when the remaining undeveloped portions of the existing service area are developed, an expansion of the wastewater treatment plant and effluent disposal system will be required.

If the Commission were to grant FWSC the requested territory, based on expected growth, when would the wastewater treatment plant and effluent disposal system have to be expanded?
