.....  
The question was whether an A-order should be issued to amend the order closing 981642. Although the recommendation paragraph included language to leave 981745 open, I believe that we can consider that part of the recommendation informational and not requiring an A-order. The rec we are filing today will close 981745 in the next month anyway, so to the extent there may be any question of the status of 981745, that will be resolved when we issue the order to close it. Please give me a call if we haven't addressed your concern.

I'll put a copy of this e-mail in the docket file (correspondence side) as a record of what happened, since we have a recommendation and a vote sheet for 981745 but no order subsequent to the 3/16 ag. Thanks for the information.
