SUBSTANTIAL INTERESTS AFFECTED

2. The subject matter of the instant docket is Peoples Gas System's application to the Commission to modify its Gas Transportation and Supply Agreement ("GTSA"), which is part of Peoples' tariff, and related tariff provisions. As a customer of Peoples Gas System ("Peoples") that obtains gas transportation service pursuant to an executed individual GTSA and Peoples' related tariffs, Pasco Cogen's substantial interests -- specifically, what Pasco Cogen pays for gas transportation service pursuant to the GTSA and associated tariffs -- will be directly affected by the Commission's actions in this case.

ULTIMATE FACTS WHICH ENTITLE PASCO COGEN TO RELIEF

3. Pasco Cogen is a gas transportation customer of Peoples Gas System. Pasco Cogen is served pursuant to an executed individual Gas Transportation and Supply Agreement and related

provisions of Peoples' tariff, which Peoples proposes to modify. The proposed revisions to Peoples' GTSA and related provisions of Peoples' tariff will adversely affect Pasco Cogen's substantial interests. The proposed revisions are inappropriate and will result in unjust and unreasonable rates being paid by Pasco Cogen.

4. If Peoples' goal is to eliminate any financial incentive for gas transporters to "game" the monthly imbalance cashout mechanism, Pasco Cogen believes there is a more equitable method that will not penalize transporters for failure to perfectly balance their gas takes, while appropriately penalizing those transportation customers who attempt to utilize Peoples as a "supplier of last resort" for financial gain.

DISPUTED ISSUES OF MATERIAL FACT

5. Pasco Cogen identifies the following disputed issues of material fact in this docket:

- a. Whether the proposed modifications to the GTSA and tariff provisions relating to monthly imbalance cashouts are appropriate;
- b. Whether the proposed modifications to the GTSA and tariff provisions relating to monthly imbalance cashouts are necessary to prevent abuse by any gas transportation customers or for any other legitimate purpose;
- c. Whether the proposed modifications to the GTSA and tariff provisions relating to monthly imbalance

- cashouts are fair, just, and reasonable;
- d. Whether Peoples is experiencing, or has experienced, adverse financial or economic effects as a result of gas supply imbalances caused by gas transportation customers;
 - e. Whether the proposed modifications to the GTSA and tariff provisions relating to monthly imbalance cashouts more accurately reflect the costs incurred by Peoples when imbalances occur;
 - f. Whether Peoples has incurred penalty charges caused by imbalances between gas delivered into Peoples' system and gas consumed by gas transportation customers;
 - g. Whether the proposed modifications to the GTSA and tariff provisions relating to monthly imbalance cashouts will provide proper and economically correct incentives to gas transportation customers and to Peoples;
 - h. Whether the proposed revisions relating to compensation for gas used by Peoples during curtailment are fair, just, and reasonable;
 - i. Whether unauthorized underburns by gas transportation have caused Peoples to incur additional costs for which Peoples has not otherwise been compensated;
 - j. Whether the proposed penalty for unauthorized underburns accurately reflects the incremental costs, if any, incurred by Peoples when such alleged

underburns occur;

- k. Whether the proposed penalty for unauthorized underburns is fair, just, and reasonable; and
- l. Whether all other factual allegations contained in Peoples' petition are true.

Pasco Cogen reserves the right to raise additional issues of material fact in this docket as they become known.

STATUTES AND RULES THAT ENTITLE PETITIONER TO RELIEF

6. The following statutes and rules entitle Pasco Cogen to the relief requested herein: Chapters 120 and 366, Florida Statutes, and Chapters 25-6, 25-22, and 28-106, Florida Administrative Code.

RELIEF REQUESTED

WHEREFORE, Petitioner, Pasco Cogen, Ltd. requests that the Commission:

1. grant Pasco Cogen, Ltd. full party intervenor status in Commission Docket No. 981879-GU as prayed herein;
2. suspend Peoples' proposed modifications to its Gas Transportation Supply Agreement and associated tariffs pursuant to Section 366.06(3), Florida Statutes; and
3. set this matter for hearing pursuant to Section 120.569 and 120.57(1), Florida Statutes.

Respectfully submitted this 19th day of February, 1999.
