Alternative Local Exchange Company Regulatory Assessment Fee Return

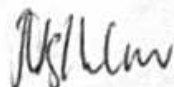

Dear Ms. Isler:

This letter is in reference to our conversations pertaining to Siemens Business Communication Systems, Inc. requiring an Alternative Local Exchange Company Regulatory Assessment License (ALEC). As we discussed, Siemens Business Communication Systems, Inc. is a manufacturer of telecommunication equipment and does not provide local exchange access services as part of its business. As such, Siemens Business Communication Systems, Inc. is not required to maintain an ALEC license. **Siemens Business Communication Systems, Inc. respectfully requests that its ALEC license be cancelled and that its ALEC account be closed with no fees due for the year 1999 and thereafter.** Should the nature of our business change, we promise to notify you accordingly and will at that time comply with all of the regulatory requirements

During our discussion, you mentioned that Siemens Business Communication Systems has not filed an assessment fee return for 1997, and suggested that we file for that period together with our 1998 return and include a payment of \$124.00 to settle our account.

We appreciate your assistance in resolving this outstanding issue. If you have any questions, please do not hesitate to contact me at (408) 492-7790.

Sincerely,

Joseph Corr
Manager
Sales and Property Taxes
