RE: Certificate # 5380
P.F. Chang's China Bistro, Inc.

To Whom It May Concern:

Please cancel my certificate to operate public payphones effective August 10, 1998. My phones were sold to a management company, Intera Communications, Kristina Matros (800) 475-1001 who intern hired V-Technologies, 700 Corporate Circle, Suite #E, Golden, CO 80401 (303) 273-9000.

I understand there may be a 1999 regulation assessment fee for this certificate. Please advise me to the cost so that we may issue payment to you immediately. I would like to cancel my certificate because I now have this management company taking care of all the payphone requirements needed throughout the state.

Please feel free to contact me with any questions or concerns you may have.

Sincerely,

Kim Kuherske
Development Coordinator
