RE: Kenneth Bates/Sunny Shores Water Company, Inc.  
Docket No: 99-0216

Dear Ms. McRae:

This is in response to your telephone call to my office on March 19, 1999 concerning the above referenced matter. I have previously spoken to a couple of your colleagues at the Commission regarding the status of this Petition, but have not received any specific information. It is my hope that you clarify exactly where the company stands relative to this Petition.

Jack Mason, President of Sunny Shores Water Company, Inc., received a copy of the Petition by mail directly from Mr. Bates on or about February 24, 1999. The company is of the view that the Petition is completely without merit. This is an extremely small water only utility which serves a Manatee County mobile home park consisting of 259 units and one commercial account with two meters (a motel).

The Commission assumed jurisdiction over this utility in 1995 when Manatee County disclaimed regulatory authority over private utilities within its jurisdictional boundaries. The company went through an assisted rate case and the tariff was established as of May 7, 1996.

The utility buys its water for resale from Manatee County and simply marks that cost up to cover expenses and a reasonable profit. All customers are individually metered, so the conservation issue that has apparently been raised by Mr. Bates appears to have little merit unless he is proposing an escalating rate for higher quantities of water used by each customer. Since all of the customers are residents of small mobile homes, it seems very unlikely that a tiered rate structure would be of substantial benefit to anyone. From analyzing the company's bills, it appears that Mr. Bates' unit is unoccupied for a portion of the year, so his usage during those times is naturally low or even zero. He apparently objects to having to pay a minimum rate for the volume he uses.

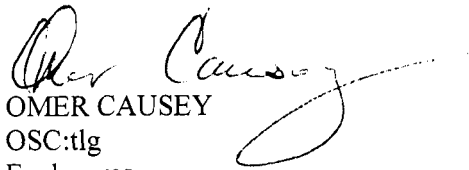

I do not know what the Commission's expectations of the utility are in connection with this Petition since I've had no communications from the agency. On an informal basis, I am submitting a copy of the utility's current rates and

billing information for the last three billing cycles. Also enclosed is the billing information from Manatee County for the water purchased by the utility for resale for last year.

After you have had a chance to take a look at this material, I would appreciate a call so that we can reach some understanding as to how this matter should proceed. I would be happy to cooperate with you in any way necessary to bring this matter to an expeditious conclusion. The utility is so small that it simply does not have the financial resources to be able to deal with a major legal effort without very serious adverse consequences to its customers.

Thank you for your attention to this matter.

Very truly yours,

OMER CAUSEY

## Water/Wastewater Tariff In Effect 1 October 1998

Water Rate up to 10,800 gallons, Class RS & GS Customer	\$51.49
Excess useage per 1,000 gallons	\$ 1.35
Wastewater Rate up to 9,180 gallons, Class RS & GS Customer	\$47.41
Excess useage per 1,000 gallons	\$ 2.53
(Wastewater charges are based on 85% of water gallons used)	

BILLING PERIOD - Quarterly, in advance, January 1, April 1, July 1 and October 1.

### MISCELLANEOUS SERVICE CHARGES

The Company may charge the following miscellaneous service charges in accordance with the terms stated herein. If both water and wastewater services are provided, only a single charge is appropriate unless circumstances beyond the control of the Company requires multiple actions. SSWC is required by the utilities commission to charge the rates that are listed in our tariffs. Should there be a conflict between the quoted rate and the tariff, the tariffed rate will prevail.

INITIAL CONNECTION - This charge would be levied for service at a location where service did not previously exist.	\$15
NORMAL RECONNECTION - This charge would be levied for transfer of service to a new customer account at a previously served location or reconnection of service subsequent to a customer requested disconnection.	\$15
VIOLATION RECONNECTION - This charge would be levied prior to reconnection of an existing customer after disconnection of service for cause according to Rule 25-30.320(2), Florida Administrative Code, including a delinquency in bill payment.	\$15
PREMISES VISIT CHARGE (IN LIEU OF DISCONNECTION) - This charge would be levied when a service representative visits a premises for the purpose of discontinuing service for nonpayment of a due bill and does not discontinue service because the customer pays the service representative or otherwise makes satisfactory arrangements to pay the bill.	\$15
Meter Bench Test, customer written request (Refundable if meter test is not within specifications)	\$20.00
SSWC Field Test of Meter	No Charge

SUNNY SHORES WATER CO.

SERVICE AVAILABILITY POLICY

1. Application for the installation of new meters and service connections require the existence of a valid building/plumbing permit and payment of all fee's prior to installation of meter and water being turned on. Ordinance R-87-125 effective 7-20-87, Sunny Shores Backflow Policy effective 3/1/92 and applicable laws, regulations and codes require the installation of a Double Check Valve assembly device at the service connection, minimum clearance 6" from meter box, and vacuum breakers on all hose connections. Meter installation time is ten days to two weeks or as soon as practicable after the above conditions are met.

2. All Backflow Prevention devices must be re-certified annually in order for the premise to remain in compliance with appropriate laws, codes and policies. Failure to comply shall mean disruption of service until such time as the premise comes into compliance. Violation Reconnection Fee will apply in these cases. It is not the responsibility of SSWC to remind the property owner to have them inspected. If at any time, upon inspection, they are found in non-compliance we will remind you of your responsibility to have it re-certified. This will be done prior to any other action being taken.

The entire Tariff is on file at the Company office and may be inspected, by appointment, at any time during regular Company business hours.

GENERAL SERVICE  
RATE SCHEDULE GS
