Reference: Docket No.: 960725-GU; Proposed Rule 25-7.0355, F.A.C. Transportation Service

Dear Ms. Bayo:

Utility Partners, Inc. ("UP") hereby requests that it be made, and considered to be, a Party to the proceedings for Proposed Rule 25-7.0355, F.A.C. Transportation Service (Docket No.: 960725-GU). Because UP provides applications software, custom software development services, and maintenance services specifically and exclusively to the utility industry, UP will be substantially affected by the results of the proposed rule.

UP's products offer the utility industry the means to ensure timely and cost effective processing of services and information. Consequently, it is essential that we are kept apprised of any changes to the utility industry that would affect our ability to provide our customers with the business tools they need.

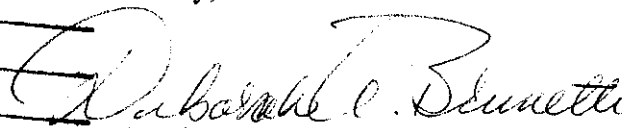

It is our understanding that as a Party to the proceedings, UP would receive all dockets, comments from utilities, discussions, etc. This information should be sent to:
