**RE: Tariff Sheets**

Dear Ms. Kummer:

At the regular meeting held April 21, 1999, the Utilities Commission approved the enclosed tariff sheets, after holding two public hearings, regarding the green pricing rate schedule and revision of the service fees rate schedule. Please file the tariff sheets in the usual manner and return the approved originals to my attention.

The establishment of a green pricing rate is being proposed with an effective date of April 22, 1999. This will allow customers the opportunity to voluntarily participate in our renewable energy program.

The service fees rate schedule was clarified and revised to include a residential energy audit service and computer assistance services for our Internet customers. This rate schedule also has a proposed effective date of April 22, 1999.

Should you have any questions or need further information regarding this matter, please feel free to call me at 904/423-7100 or fax me at 904/423-7175.

Sincerely, <sup>(904) 426-3194</sup>

Ronald L. Vaden  
Utilities Director
