Item 18 – A – Financial Statements

The attached Financial Statements for Internet Access and Web Services of Florida, Inc. are UNAUDITED statements prepared by an independent professional bookkeeper. In the opinion of the company they accurately reflect the financial status and operating history of the company.

Item 18 – Further written explanations

1. Internet Access and Web Services of Florida, Inc. has sufficient assets and revenues to sustain its present operations. The company has been profitable in each of the last three years and expects a significant increase in revenues and profits in 1999 due to territory expansions done early this year. The company expects to be profitable this year.

In addition, the company has a \$ 5,000 line of credit with First National Bank of which \$2,774 was used as of Dec. 31, 1998. The company also has credit lines, or accounts, with its major suppliers including Sprint and BankVest Leasing (\$21,101 lease currently in place).

The company proposes to operate in the following areas: Lake County, Marion County, Sumter County, Pasco County, Orange County, and Volusia County at this time. As of the date of this application, the company is operating in all the above counties. Other counties may be added in the future.

2. Internet Access and Web Services of Florida, Inc. has sufficient cash flow to maintain all of its current operations. All growth to date has been funded from internally generated profits. The company is current in its payables. Revenues for the first quarter of 1999 annualized are running 34% ahead of the prior year.
3. All leases and capital equipment commitments of Internet Access and Web Services of Florida, Inc. are current. The company does not foresee any problems meeting future payments under these commitments.

Item 18 – B – Managerial Capability

Kevin L. Hayes – President

Mr. Hayes has been self-employed for over ten years. His business has been providing computer consulting services, hardware / software sales, installation, and repairs for over 10 years in the Lake County area. He currently supervises nearly a dozen employees including sales and technical personnel. Mr. Hayes is responsible for the day-to-day operation of the business. He also is solely responsible for setting prices and controlling costs at Internet Access and Web Services of Florida, Inc.

Mr. Hayes' management abilities are proven by over a decade of success in developing a profitable computer business in north central Florida.

**Addendum To
Application Form For

Item 18 – C – Technical Capability

Kevin L. Hayes, President

Mr. Hayes' technical background enabled him to easily enter the Internet Service Provider business. As a computer consultant serving corporate clients, both large and small, he knew the needs in his market. He started the Internet business in 1996 and has always provided Internet access (dialup and dedicated), web site development, and web hosting as part of the Internet business.

In addition, for the past several years Mr. Hayes and his company have worked with Microsoft in testing Microsoft beta versions of software for servers and desktop PC's.

Mr. Hayes' technical qualifications go well beyond the requirements of running and supervising Internet Access and Web Services of Florida, Inc.

Glen Wallace

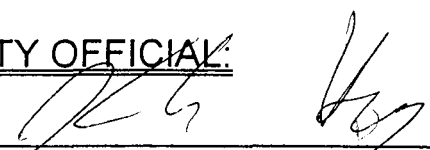

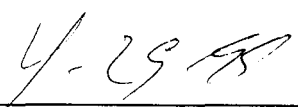

Mr. Wallace is the senior Technical Support Representative for the company. In this capacity he directs the group that handles all calls from new or existing customers. Mr. Wallace has been with the company for approximately two years. He has extensive experience in desktop support, network support, and web administration.

Working with Mr. Wallace are three other technical staff members who assist customers. This staff has maintained a high degree of professionalism in dealing with customers and a rapid turnaround on problems.
