 RE: Request for Emergency Item for the May 4, 1999 Agenda for  
 Docket No. 980214-WS, United Water Florida.

We are requesting the addition of an emergency recommendation for the May 4, 1999 agenda. The recommendation will be addressing the approval of a settlement just reached between the parties involved in this protested rate case. Staff currently has Item 33 on the May 4, 1999 agenda which addresses the company's notice to place rates in effect pending a final decision on the protest. This recommendation will be withdrawn and replaced with the emergency recommendation.

Both OPC and the company have requested that the settlement be on the May 4, 1999 agenda. Staff would agree that since the company does not have interim rates in place that this item should be placed on the May 4, 1999 agenda if at all possible. The settlement, if approved, will resolve this case and the hearings set for August 19 and 20, 1999 will be canceled.
