George Mayo Subdivision Owners:

After careful consideration and upon advice of legal council, we are currently accepting applications for water and wastewater services. We will allow 1" metered service subject to a release of liability in the event that 1" service does not provide sufficient pressure. Our present, PSC approved, tariff rate for 1" water and wastewater service is as follows:

<u>Monthly Base Facility Charge</u>		<u>Per 1,000 gal. Charge</u>
Water: \$ 20.32	+	\$ 1.34
Wastewater: <u>\$ 44.53</u>	+	<u>\$ 6.01</u>
Total: \$ 64.85	+	\$ 7.35

The meter cost to you is \$250.00. There is a \$ 15.00 new service-connection fee and a Refundable Security Deposit of \$ 250.00. These fees must be paid in advance at time of application. The Security Deposit will be returned after 24 months of timely pay and will accrue interest at the rate of 6% per year, credited annually to the account.

Should you need service for wastewater only, the rates will be at the current *temporarily* approved rates until a *final approved* rate is established.
