## TAMPA ELECTRIC COMPANY'S
## PRELIMINARY LIST OF ISSUES

Issue 1:        Is there a need for aggregate electric utility reserve margins for Peninsular Florida?

Issue 2:        What is the appropriate reserve margin for Peninsular Florida?

Issue 3:        Should there be a minimum of supply-side resources when determining reserve margins?

Issue 4:        What is the appropriate minimum of supply-side contribution to reserve margins?

Issue 5:        How should individual utility's reserve margins be integrated into the aggregated reserve margin for Peninsular Florida?

Issue 6:        What consideration, if any, should be given to as-available resources for purposes of calculating the aggregate Peninsular Florida reserve margin?
