Linda, we need to change the title for this docket to:

Request for cancellation of IXC Certificate No. 5219 held by One Step Billing, Inc.

We currently have it titled as "request for approval of acquisition of subscriber base..." but language concerning customer base is not needed since the Commission does not approve change in customer base.

I have the PAA order for the docket and the title will need to be changed in the order as well, Amanda.

Let me know if questions. Kay
