Linda,

The docket referenced above originally came to me as an agreement, but is actually an adoption. I had placed a handwritten correction to the title on revised CASR that read, "Notice of Adoption of BellSouth Telecommunications, Inc./American Communication Services, Inc. Interconnection, Unbundling and Resale Agreement by Main Telecom, LLC."

Sandy has informed me that you have to change the title. Please correct the title to reflect the change above.

Thank you for your help.

Hi, Todd. We're going to change the docket title per your e-mail to Linda (who is now on vacation) but I need to be sure we have the right company name in the title. There is no longer a company by the name of "American Communication Services, Inc." We have two ALECs that use an abbreviated or full version as part of their name. They are:

TX040 - American Communication Services of Jacksonville, Inc. d/b/a e.spire Communications, Inc.

TX139 - ACSI Local Switched Services, Inc. d/b/a e.spire Communications, Inc.

Which name should be used in this docket title? Kay Flynn

It should be TX040. Sorry for not making the distinction.

No problem. Thanks.
