RE: Request for deferral of Item 4 (Docket No. 990944-EM) and Item 5 (Docket No. 990943-EM) on the August 17 Agenda

Staff requests that Item 4, Docket No. 990944-EM and Item 5, Docket No. 990943-EM be deferred from the August 17 Agenda Conference to the August 31 Agenda Conference. Several questions have been raised on the tariff filings by the Kissimmee Utility Authority (Item 4) and the City of Vero Beach (Item 5). Staff believes deferring the items to allow revision and clarification of the recommendations will expedite handling of the items at the August 31 Agenda. There is no statutory time frame which will be endangered by the deferral.
