VOTE SHEET

AUGUST 17, 1999

DOCKET NO. 981825-SU - Application by Tradewinds Utilities, Inc. for approval of a new class of service for wastewater-only flat rates in Marion County.

(Continued from previous page)

Issue 2: Should Tradewinds Utilities, Inc. be required to file a tariff sheet reflecting rates as outlined in staff's recommendation within 30 days of issuance of this Order?

Recommendation: Yes. The utility should be required to file a tariff sheet reflecting wastewater-only flat rates of \$163.60 for the quadraplexes and \$58.95 for the light buildings within 30 days of issuance of this Order. Further, Original Tariff Sheet No. 16.1, approving rates on a temporary basis, should be canceled. If the utility files a tariff sheet containing these flat rates, staff should be given administrative authority to approve the tariff sheet upon verification that it is consistent with the Commission's decision. The revised tariff sheet should become effective for services rendered on or after the stamped approval date of the tariff sheet pursuant to Rule 25-30.475(1), Florida Administrative Code, provided the potential wastewater-only customers have received notice.

APPROVED

Issue 3: Should Tradewinds Utilities, Inc. be required to refund any monies collected due to Order No. PSC-99-0382-FOF-SU?

Recommendation: No. The utility did not connect any of the wastewater-only customers; therefore, the utility did not collect any money from the potential customers in the subdivision.

APPROVED

Issue 4: Should this docket be closed?

Recommendation: Yes. If Issues 1 and 2 are approved, the utility files a revised tariff sheet consistent with the Commission's decision, and no timely protest is filed within 21 days of the issuance date of the Order, this docket should be closed upon issuance of a Consummating Order. However, if a protest is filed by a substantially affected person within 21 days of the issuance date of the Order, the docket should remain open and Original Tariff Sheet No. 16.1 containing the temporary flat wastewater-only rates should remain in effect, subject to refund, pending resolution of the protest.
