FPSC-RECORDS/REPORTING

To Public Service Commission

I am writing this letter in response to your letter sent to me regarding a Pay Phone which I do not have it. I applied for it, paid \$100.00 but I am not operating a pay phone. I changed my mind after applying it 'cause it would not be appropriate for my clients who are all getting only \$43.00 every month for their personal expenses. You may send someone to check my place in order to convince your office.

Thank you.

TO: All Pay Telephone Providers

FROM: Walter D'Haeseleer, Director, Division of Telecommunications 

RE: Proposed Fine Increase

Chairman Joe Garcia announced at the Agenda Conference yesterday that the proposed fines for apparent violations of the pay telephone rules are going to increase. Accordingly, staff will be recommending to the Commission a proposed fine of \$1,000 per repeat infraction of the rules.

Commission staff has been conducting random service evaluations of pay telephones across the state and has been sending letters notifying the providers of the apparent violations. Staff has then been reevaluating the pay telephones and if the same apparent violation was found, a show cause docket was opened. In the past, the recommended fines have been low; however, as a pay telephone service provider, you are required to be aware of, and comply with, the rule requirements.

If you receive a notice from staff of apparent violations, please be sure you understand what the apparent violation is and respond to staff within the time frame indicated in the letter. In your response, please indicate what was done to correct the problem, or if you could not duplicate the problem or disagree with the findings of staff, please so indicate on the return form. Additionally, you are always welcome to call us at anytime for clarification.

Failure to correct violations or to respond to staff will result in a recommendation by Commission staff to fine or cancel your certificate.

**RE: Pay Telephone Certificate No. 5603
Approval Docket No. 980177-TC**

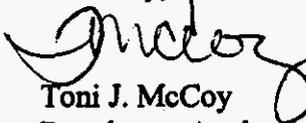

Dear Ms. Kalbarczyk:

The Commission reviewed your original application for a Pay Telephone Certificate of Public Convenience and Necessity. It appears that you completed the application and mailed in the application fee of \$100 via check number 1469. A Pay Telephone Certificate was granted to you effective April 7, 1998.

I understand that you believe you did not apply for a Pay Telephone Certificate, but as you can see, you completed the application, signed it and paid the application fee. If you no longer wish to be certificated as a Pay Telephone Provider, you may request in writing that your certificate be canceled and include the Regulatory Assessment Fees due on the certificate, and the Commission will cancel your certificate. You currently owe \$65.50 in Regulatory Assessment Fees, Penalties and Interest for 1998 and \$50 in Regulatory Assessment Fees for 1999 for a total of \$115.50. The Regulatory Assessment Fees will continue to accrue Penalties and Interest each month and eventually you may be fined an additional \$500 for neglecting to pay the fees timely.

Please let me know what your intentions are in this matter. If you have any questions, call me at 850/413-6532.

Sincerely,

Toni J. McCoy

RE: GREEN ACRES (LUZ T. KALBARCZYK d/b/a) - (TG276)

Recently mailed out my request for "updated information" from all the Companies/Utilities under the FPSC jurisdiction. The above Company responded with a note "I don't have a pay phone. I only have regular phones. Last April 1998 I called Tallahassee only inquiring about having a pay phone and that's all." Order PSC-98-0399-FOF-TC granted a certificate to them.

Forwarding copy of my "updated information" for your information and further handling. No docket has been opened requesting cancellation of their certificate. Until that is done and an order is issued canceling their certificate, they will remain an "active" company

Thanking you in advance.
