Please revise the title on the docket referenced above to reflect that it is an adoption instead of a request for approval of agreement.

The revised title appears below:

Notice by BellSouth Telecommunications, Inc. of adoption of an approved interconnection, unbundling and resale agreement between BellSouth and American Communication Services of Jacksonville, Inc. (ACSI) d/b/a e.spire Communications, Inc. by Light Networks, Inc.

Thanks for your assistance.

Todd, Linda pulled this filing--we weren't able to find a specific request from BellSouth concerning adoption of an approved agreement. Can you tell me where to look in the agreement for it? (They usually state it in the cover letter, but we didn't see it there.) Kay

BellSouth did not specifically make reference to the fact that this was an adoption. In this case I looked to the fact that that Exhibit 1 contains the BellSouth/ACSI d/b/a e.spire agreement and its amendments. I also looked to the Attachment to Transmittal Letter/Adoption Papers, pg. 2, para. 3, which states that the effective date is 7/25/96, as contained in Article XVII of the e.spire Interconnection Agreement.

BellSouth has done the same thing on several other occasions. Typically, we have had to look through the first few pages following the cover letter to make a determination on what they were actually trying to do. Hope this helps.

I know you've had us change titles before, and I haven't asked about them until now. Wouldn't it be appropriate for Bell to submit a letter clarifying their intent?

We have previously asked that Bell state specifically what action they are requesting when filing. Most of the time Bell is pretty good about doing this in the notices/cover letters that they submit. As stated previously, every now and then they slip up. On the rare occasions that they do, it is usually pretty obvious to us what their intent is based on the documentation and the attachments included.

It should be noted that this case is the exception, and not the rule.

We'll change the title based on your e-mail.
