Docket No. 981890-EU

Submitted for filing: September 23, 1999

NOTICE OF INTENT TO REQUEST CONFIDENTIAL CLASSIFICATION

The Florida Reliability Coordinating Council, Inc., (FRCC), by and through its undersigned counsel, files its Notice of Intent to Request Confidential Classification of FRCC's response to Interrogatory No. 20 of Staff's Second Set of Interrogatories to The Florida Reliability Coordinating Council.

1. A separate sealed package containing one copy of the documents provided in response to Staff Interrogatory No. 20 is included with this Notice. The information provided in response to Interrogatory No. 20 is contained on hundreds of one-page reports that have identical formats, except for a change to the overall format in December 1998. The information for which FRCC seeks confidential classification is highlighted and identified on two sample pages.

2. Because each form is the same (except for a change format in December 1998), identifying the information through two sample pages is sufficient to permit the Commission to determine whether the information is confidential in nature. Highlighting the information on each of the hundreds of pages would be very burdensome and would provide no benefit to the Commission, as the highlighted samples can be relied on to identify the confidential information on all pages. All of the documents should be accorded confidential treatment

pending the filing of FRCC's request for confidential classification and the Commission's decision thereon.

3. copies of the materials, with the confidential information redacted, are not included.

FRCC will be requesting that all information contained on the documents be classified as confidential, resulting in no information to be shown on redacted copies.
