**BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION
DOCKET NO. 950495-WS
NOTICE TO CUSTOMERS OF APPROVAL OF OFFER OF SETTLEMENT AND
NOTICE OF RATE INCREASE**

Dear Customer:

By Order issued October 30, 1996, the Florida Public Service Commission ("Commission") granted Florida Water Services Corporation ("Florida Water"), formerly Southern States Utilities, Inc., an increase in rates. The rates became effective for service rendered on or after September 20, 1996. Florida Water, the Office of Public Counsel and specific customer groups appealed the Order to the First District Court of Appeal.

On June 10, 1998, the Court filed its opinion in the appeal. The Court reversed the Commission on five issues raised by Florida Water in the appeal and remanded the issues back to the Commission. Pursuant to the Court's decision regarding three of the issues, the Commission approved by final agency action, an increase in Florida Water's rates that became effective for service rendered on or after January 11, 1999. By proposed agency action, the Commission also approved a surcharge to collect the revenue that Florida Water should have been collecting since September of 1996. However, the proposed agency action portion of the order was protested, and Florida Water never implemented the surcharge provision.

The Commission scheduled a hearing for February, 2000 for the taking of further evidence concerning the remaining two issues remanded by the Court and the surcharge issue.

On June 14, 1999, Florida Water filed a motion requesting the Commission to approve an Offer of Settlement which would solve the outstanding issues on remand and bring to a halt the continuing accumulation of surcharges and rate case (gation) expense associated with the continuation of proceedings in this docket.

At a Special Agenda Conference on August 23, 1999, Florida Water presented a Modified Offer of Settlement to the Commission. This Modified Offer of Settlement incorporated several additional concessions that were requested by the Commission Staff. The Commission voted to accept Florida Water's Modified Offer of Settlement at the August 23, 1999 Special Agenda. Two key issues of this settlement concern prospective rate increases and surcharges. The Commission settlement granted Florida Water a 1.7% average increase in rates. The settlement also approved using a regulatory asset (collected over 30 years starting with the next rate case) instead of ordering surcharges. This means that no customer will have to pay a surcharge. Also, as part of the settlement, Florida Water agreed not to file any rate cases (excluding pass-through and index filings) for the next three years. However, if Florida Water is called before the Commission in that three year time frame for any reason, then Florida Water reserves the right to file whatever documents are necessary to answer any questions raised. The prospective rate increase will be effective for service rendered on or after October 1, 1999. The final rates are shown on the accompanying schedule.

If you have any questions concerning your bill or this notice, please call our Customer Service Representatives at (407) 880-0100 or toll-free at (800) 432-4501 between the hours of 7:00 a.m. and 7:00 p.m. weekdays.

Written comments to the Commission regarding Florida Water, its rates or service may be directed to the following address: Director, Division of Records and Reporting, Florida Public Service Commission, 2540 Shumard Oak Boulevard, Tallahassee, FL 32399-0850. Such correspondence should refer to "Docket No. 950495-WS: Application by Florida Water Services for rate increase and increase in service availability charges." You may also call the Commission's Division of Consumer Affairs at the following toll-free number: (800) 342-3552.

As always, we appreciate the opportunity to serve you.

Sincerely,
